GENERAL INFORMATION ABOUT THE EVENING DIVISION THE MAST CENTER FOR CONTINUING EDUCATION

PURPOSE OF THE PROGRAM

The Evening Division of William Jewell College provides college level courses for those individuals who cannot pursue an educational program in the regular session of the college. For the most part, the evening curriculum represents an extension of the regular day offerings of the college. One of the objectives of the program, however, is to provide certain additional specialized courses and training opportunities of interest and value to adults in the community. A second objective is to encourage and provide leadership for the cultural and intellectual life of the Kansas City metropolitan area.

In addition to the Evening Division, the Mast Center for Continuing Education provides non-credit educational programs. Short courses and seminars are provided for adults and businesses. Educational offerings for the William Jewell Business Associates, a group of area businesses, are provided in this way. Also, an active "Young Achiever" program offers workshops and classes for youngsters.

ACCREDITATION

William Jewell College is fully accredited by the North Central Association of Colleges and Secondary Schools. The following departments are also accredited: education, by the Missouri Department of Elementary and Secondary Education; music, an associate member of the National Association of Schools of Music; nursing, by the Missouri State Board of Nursing and the National League for Nursing. Degree credits earned in the Evening Division may be counted toward William Jewell degree programs or may be transferred to other accredited institutions of higher learning.

ADMISSION REQUIREMENTS

Any student registering for the Evening Division must have a high school diploma, have been out of high school for three years, or have the recommendation of his/her high school counselor. Students seeking a degree must submit transcripts from all institutions of higher learning attended previously.

REGISTRATION

Admission into the Evening Division and registration for classes occur at the same time. There is no preregistration, and official registration may be completed as soon as the new class schedules are announced and during the time periods indicated for registration in the Evening Division calendar. Students may register in person or by phone, 781-3806, ext. 250.

A counselor is available to speak with students by appointment from 10 a.m. to 6 p.m., Monday through Thursday, to discuss problems related to transfer credits, degree and certificate requirements, scheduling and career planning. The normal load for working persons is 4-8 semester hours, one or two nights per week.

The Evening Division maintains office hours from 8:30 a.m. to 4:30 p.m. Monday through Friday. In addition, when classes are meeting, the office is open Monday through Thursday evenings from 4:30 p.m. to 8:30 p.m. Saturday office hours are from 8 a.m. to 10 a.m.

STUDENT SERVICES AND ACTIVITIES

LIBRARY: All students in the Evening Division may use the facilities of the Charles F. Curry Library. Books may be checked out with the student identification card, obtained in the Evening Division office.

COLLEGE UNION: Textbooks and supplies may be purchased at the bookstore located downstairs in the Yates College Union.

The services of the college placement office in the union are available to evening college graduates.

Evening students may also use the food service provided in the "Cage" in the union.

MEDIA RESOURCE CENTER: The Media Resource Center, a division of Curry Library, is located in Room 207 of Pillsbury Music Center. Evening students have access to the college record and tape libraries as well as filmstrips, slides and other audiovisual materials. One feature of special interest is the tape copying service provided in the resource center.

VETERANS

All courses in the William Jewell Evening Division are approved for veterans' benefits provided the applicant meets eligibility requirements under the law and adheres to college policy of regular attendance or proper withdrawal.

TUITION—FEES

Tuition for the semester is payable at the time of registration. A student is not officially registered until financial obligations have been arranged through the business office. The college is equipped to honor both Visa and MasterCard. Deferred payment plans may be arranged by the business office, in which case a deferred payment charge is assessed.

Tuition per semester hour	\$60.00
Deferred payment charge per semester	7.50/12.50
Late registration fee, app. after 1st meeting of class	10.00
Late payment charge	15.00
Change of registration	5.00
Application for graduation	10.00
Graduation fee	35.00
Certificate fee	10.00
Final exam. makeup	10.00
Transcript of credit (after first copy)	2.00
Returned check	10.00
Course fees	TBA

REFUND POLICY

Tuition is refundable for other than disciplinary reasons as follows:

- 80% within the first two weeks
- 60% in the third week
- 40% in the fourth week
- 20% in the fifth week

NOTE: No refunds are made unless the student has presented a written withdrawal request to the director of the Evening Division. Notification of the teacher does not constitute a drop or an official withdrawal.

COURSE, CREDIT, GRADE INFORMATION

Credit: The amount of credit for each course is indicated on current brochures. Students are responsible for checking their own records to see that all the general requirements for a degree program have been met and to be sure that they do not repeat a course. Juniors and seniors should check degree requirements with the Evening Division director before each registration.

Application for graduation fee should be paid at the time of registration for the fall semester by those students who expect to complete the requirements for their degree by the end of the first semester, second semester, or summer session.

Non-Credit: Some courses are offered on a non-credit basis. Sometimes these may be short courses or seminars, but they may be of any length. No degree credit is available to any student in a non-credit course.

Transfer Credit: Students may transfer credit from other institutions of higher learning. The last 30 hours of any degree offered by William Jewell must also be taken at William Jewell.

Advanced Placement and Credit: Credit and advanced placement are granted to evening students through the College Level Examination Program (CLEP) and departmental examination. A freshman entering William Jewell College directly from high school may not take the CLEP general examination for credit; however, he may take as many subject exams for credit as he wishes. Entering freshmen who have delayed college entrance by as much as three years since high school graduation may take both CLEP general and subject exams for credit.

The college imposes no limit on the amount of credit a student may earn by "testing out," although one-year residency is required for a degree from William Jewell College. Credit earned by examination is recorded on the student's transcript without a letter grade and with the notation "credit by examination."

Courses: (1) Degree courses: Courses numbered 100-499 carry credit toward degrees if the student has satisfied admission requirements. (2) Non-degree courses: Courses numbered 001-099 carry no credit. These courses are designed primarily for the interest and personal benefit of the students. These courses are open to all adults. Some non-credit courses may apply toward certain certificate requirements.

Drop/Adds: Students may change registration within the first two weeks of classes by means of drop/add cards, which can be obtained in the Evening Division office. Note that a fee is assessed for this service.

Grading and Grade Points: (1) Grades are indicated by the letters A, B, C, D (ranging from 100% down to 60%), F, W, WP, WF. F-failure; W-withdrew; WP-withdrew passing; WF-withdrew failing. (2) Each grade has a grade point value as follows: A, 4 grade points per credit hour; B, 3 grade points per credit hour; C, 2 grade points per credit hour; D, 1 grade point per credit hour; F, 0 grade points per credit hour. For graduation, the total number of grade points must be twice the number of hours attempted (or an average of C).

Incomplete Work: The mark "I" (for incomplete) may be given in any regular course in which, owing to extenuating circumstances such as serious injury or lengthy illness, a student has been unable to complete the requirements of the course. The student must complete the requirements of the course within the succeeding semester. Failure to do so, without a written contract between instructor and student and approval of the dean, will result in a grade of F.

Auditors: Individuals interested in taking regular courses without receiving college credit may enroll as auditors. Such individuals are required to pay the regular tuition fees but may choose not to do the prescribed assignments or participate in the testing procedures.

Class Attendance: A careful record of attendance is maintained by the instructor and the Evening Division office. The student is responsible for maintaining regular attendance and for making up all work missed during absence. An instructor may choose to drop a student for excessive absenteeism.

Credit for Independent Study: In some cases advanced students may be permitted or encouraged to take a regular course on an independent study basis. Application for independent study must be made in the Evening Division prior to initiation of the study.

Cancellation of a Class: Any class may be cancelled after the first or second meeting because of insufficient enrollment. A student may change to another course without additional cost, or have his/her full tuition refunded.

Course on Request: Any regular college course not scheduled for a particular semester may be given if requested by ten or more persons who subsequently enroll, provided that the director of the Evening Division is able to arrange for a qualified instructor.

Honors: To make the honor roll for a given semester, the student must make a grade point average for that semester of 3.5 in the Evening Division with a course load of eight or more semester hours.

Graduating seniors with as many as 3.9 grade points for each hour attempted will be graduated Summa Cum Laude, and this is cited with the degree. A student who completes the work for a degree with 3.75 grade points is graduated Magna Cum Laude, and this is cited with the degree.

Additional information regarding the honors program challenges may be obtained by checking with the director of the Evening Division.

For complete course listings, requirements, and other information, refer to the regular day college catalog.

CALENDAR

William Jewell employs a 4-1-4 calendar. In this arrangement evening students normally attend classes two evenings per week, taking 6-8 hours, during the two semesters extending from September to December and from February to May. The January period between the semesters is known as the "Inter-Term," when two "short" courses may be taken.

SUMMER SCHOOL

In addition to the 4-1-4 academic year, the college operates a summer school of eight weeks. Regular courses and special workshops are offered during the summer.

SATURDAY CLASSES

Regular and special courses are offered on Saturday mornings on a demand basis. Contact the Evening Division each semester for a listing of the Saturday classes.

DEGREE PROGRAMS

Students attending the Evening Division may work for the Bachelor of Science degree (124 semester hours) or the Bachelor of Arts degree (124 semester hours).

THE AMERICAN INSTITUTE OF BANKING

William Jewell College and the Kansas City Chapter of the American Institute of Banking (A.I.B.) are academically affiliated. Under terms of the affiliation, students may enroll in and complete certain A.I.B. courses and receive William Jewell credit for those courses. Further information is available from the Evening Division office or from headquarters of the Kansas City chapter of A.I.B.
