

# BULLETIN OF WILLIAM JEWELL COLLEGE

FOUNDED 1849

LIBERTY, MISSOURI

## CATALOG

SERIES XXIX

APRIL 15, 1932

No. 6

ANNOUNCEMENTS FOR THE YEAR

*1932-1933*

Accredited by the North Central Association of Colleges and Secondary Schools.  
William Jewell College is also approved by the Association of American Universities.

---

PUBLISHED BI-MONTHLY BY THE COLLEGE

Entered April 2, 1909, at Liberty, Mo., as second-class matter under act of Congress of July 16, 1894. Acceptance for mailing at special rate of postage provided for in Section 1103, Act of October 3, 1918, authorized on July 2, 1918.

## *1932-1933*

**Fall Term** opens Monday, September 19, 1932.

Registration and physical examination of Freshmen, Monday and Tuesday, September 19 and 20.

Registration of Upper Classmen, Wednesday, September 21.

Freshmen Tests, Wednesday, September 21.

A fee of \$1.00 will be charged for giving these tests at any other time.

Class work begins Thursday, September 22 at 7:50 a. m.

Friday, November 11, Armistice Day—no classes after chapel.

Thanksgiving holiday, Thursday and Friday, November 24 and 25.

Examinations, Wednesday, Thursday, and Friday, December 14, 15, and 16.

Fall Term ends, Christmas Recess begins, Friday, December 16, 4 p. m.

**Winter Term** begins Monday, January 2, 1933.

Registration, Monday and Tuesday, January 2 and 3.

Class work begins Wednesday, January 4, 7:50 a. m.

Examinations, Wednesday, Thursday, and Friday, March 22, 23, and 24.

Winter Term ends, Friday, March 24, 4 p. m.

**Spring Term** begins Saturday, March 25.

Registration previous to 4 p. m., March 27.

Class work begins Tuesday, March 28, 7:50 a. m.

Examinations, Wednesday, Thursday, and Friday, June 7, 8, and 9.

Spring Term ends, Friday, June 9.

Commencement programs, Monday and Tuesday, June 5 and 6.

For failure to matriculate and be classified within the period set therefor, an extra fee of \$3.00 will be charged and in addition to this, an extra fee of \$3.00 will be required for late payment of regular fees. These extra fees will be reduced to \$2.00 each for new students.

Full credit will not be allowed for a term's work for those who enter more than two weeks late.

**WILLIAM JEWELL COLLEGE**  
**BOARD OF TRUSTEES**

ATWOOD, JUDGE FRANK E.....	Jefferson City, Missouri
AMICK, E. E.....	Nevada, Missouri
BROWN, S. J.....	Elmhurst Building, Kansas City, Missouri
BROWNING, W. P., jr.....	Olathe, Kansas
FITCH, W. M.....	Boatman's Bank Building, St. Louis, Missouri
GRIFFITH, W. H.....	Griffith Shoe Company, St. Joseph, Missouri
GRAHAM, J. P.....	Graham Lumber Company, St. Louis, Missouri

## FACULTY

JOHN F. HERGET, A.M., LL.D., President.

JOHN PRIEST GREENE, A.M., D.D., LL.D., President-Emeritus.

## ANCIENT LANGUAGES

ALLEN J. MOON, A.M., LL.D., (Howard College). Dean and Registrar.  
Head of Department and Professor of Latin. Graduate work,  
the University of Virginia and the University of Chicago.

FREDERICK M. DERWACTER, Ph.D., (Chicago).  
Professor of Greek.

## BIBLE

H. I. HESTER, TH.D., (Southern Baptist Theological Seminary).  
Head of Department and Professor of Bible and Religious Education.

## BIOLOGY

CLARENCE JEROME ELMORE, Ph.D., (Nebraska).  
Head of Department and Professor of Biology.  
HELEN CHURCHILL, A.M., (Kansas University).  
Instructor in Biology.

## CHEMISTRY

GEORGE F. WEIDA, Ph.D., (Johns Hopkins).  
Head of Department and Professor of Chemistry.  
FRANK G. EDSON, A.M., (University of Colorado).  
Assistant Professor of Chemistry.  
Graduate work, Colorado University.

## EDUCATION

J. B. SULLIVAN, A.M., (Columbia University).  
Head of Department and Professor of Education.  
Graduate work, George Washington University.  
THURSTON ISLEY, M.Ed., (Kansas University).  
Professor of Education.  
Graduate work, University of Kansas.

## ENGLISH AND PHILOSOPHY

JOHN PHELPS FRUIT, Ph.D., (Leipzig).  
Head of Department and Professor of English Literature, and of  
Philosophy.

**P. CASPAR HARVEY, A.M.**, (William Jewell).

Professor of English Composition.

One summer's study, the University of Chicago.

**VIRGINIA D. RICE, A.B.**, (William Jewell).

Instructor in English.

Graduate work, University of Kansas.

**W. PREWITT EWING, A.B.**, (William Jewell).

Instructor in English and Coach of Debate.

Graduate work, University of Kansas.

#### HISTORY AND POLITICAL SCIENCE

**W. HOLT SMITH, Ph.D.**, (Chicago).

Head of Department and Professor of History and Political Science.

**ULMA R. PUGH, A.M.**, (Baylor).

Assistant Professor of History.

Graduate work, University of Iowa.

#### MATHEMATICS AND ASTRONOMY

**B. EDWARD DENTON, A.M.**, (George Peabody College).

Head of Department and Professor of Mathematics.

**JOSEPH VAN TRUMP, A.B.**, (William Jewell).

Instructor in Mathematics.

#### FRENCH AND GERMAN

**CONSTANTINE BILA**, Docteur de l' Universite de Paris.

Head of Department and Professor of French and German.

**\*CLARENCE G. CHRISMAN, A.B.**, (William Jewell).

Instructor in French.

One year's study in Universities of Madrid and Paris.

#### SPANISH

**ARTHUR GROVER BYRNS, A.M.**, (Kansas).

Head of Department and Professor of Spanish.

**\*CLARENCE G. CHRISMAN, A.B.**, (William Jewell).

Instructor in Spanish.

One year's study in Universities of Madrid and Paris.

**J. FRANK DAVIS, A. B.**, (William Jewell).

Instructor in Spanish.

\* On leave of absence.

## MUSIC

## DAVID GROSCH.

Head of Department and Professor of Music.

Taught in Chicago Musical College, Bush Conservatory, and was Dean of Conservatory of Music, Baker University. Studied voice with Adolph Schulze of Berlin, piano with John Petrie Dunn of Edinburg, oratorio with Dr. Charles Allum of London, opera with Hermann Devries of Chicago, and composition with Samuel De-Lange of Stuttgart, Germany.

## PHYSICAL EDUCATION

## ROBERT EARL BOWLES, A. B., (William Jewell).

Head of Department and Athletic Director. Two summers' work at the University of Wisconsin and one summer at Lake Geneva, Wisconsin, in Physical Education.

## WILLIAM N. COLLINS, B. S., (Missouri).

Athletic Coach. One summer's work in Illinois Coaching School.

## PHYSICS

## JOHN E. DAVIS, A. B., (William Jewell).

Head of Department and Professor of Physics.. Graduate work, University of Chicago.

## JOSEPH VAN TRUMP, A. B., (William Jewell).

Instructor in Physics.

## SOCIAL SCIENCE

## C. R. HOWD, Ph. D., (California).

Head of Department and Professor of Social Sciences.

## ULMA R. PUGH, A. M., (Baylor).

Assistant Professor of Economics.

Graduate work, University of Iowa.

## STANDING COMMITTEES OF THE FACULTY

**Athletics:** MESSRS. BOWLES (*Chairman*), COLLINS, DAVIS, and HUFF.

**Chapel Attendance:** MISTRESS RICE and CHURCHILL, and MESSRS. VAN TRUMP, ISLEY, and HUFF (*Chairman*).

**Chapel Exercises:** The PRESIDENT (*Chairman*), and MESSRS. GROSCH, and HESTER.

**Entrance Committee:** MESSRS. ELMORE, The REGISTRAR (*Chairman*), SULLIVAN, and HARVEY.

**Faculty Advisors of Student Council:** MESSRS. ELMORE, FRUIT (*Chairman*), and HOWD.

**Fraternities:** MESSRS. DAVIS (*Chairman*), EWING, and BYRNS.

**Religious Activities:** MESSRS. BYRNS, DERWACTER, HESTER (*Chairman*), and SMITH.

**Curriculum:** MESSRS. SMITH, FRUIT, The DEAN (*Chairman*), and SULLIVAN.

**Student Publications and Faculty Representatives on the Board of Control:** MESSRS. BYRNS, (*Chairman*) HOWD, and PUGH.

**Catalog:** MESSRS. DENTON, ISLEY, FRUIT, and The REGISTRAR (*Chairman*).

**Library:** MESSRS. ARMSTRONG (*Chairman*), BILA, and HOWD.

**Music and Dramatics:** MESSRS. FRUIT, GROSCH (*Chairman*), and Miss RICE.

**Debate:** MESSRS. EDSON, EWING, HARVEY (*Chairman*), and PUGH.

**Dormitories:** MESSRS. ISLEY, DENTON, ELMORE (*Chairman*) DAVIS, HESTER and The DEAN.

**Discipline:** The PRESIDENT (*Chairman*), MESSRS. DENTON, HUFF, HESTER, and The DEAN.

**Publicity:** The PRESIDENT, and MESSRS. DAVIS, SULLIVAN, HARVEY, HESTER, HUFF (*Chairman*), and RAY.

**University Scholarships and Fellowships:** MESSRS. HARVEY (*Chairman*), SMITH, and WEIDA,

**Committee on Improvement of Instruction:** MESSRS. FRUIT, MOON (*Chairman*), SULLIVAN, and WEIDA.

## LOCATION

William Jewell College is located at Liberty, Missouri, fifteen miles from Kansas City. Liberty is on the main lines of the C. B. & Q., the C. M. & St. P., C. R. I. & P. Railroads and the Kansas City, Clay County and St. Joseph Electric Railway. A concrete road, Federal Highway No. 69, and State Highway No. 10, runs through Liberty to Kansas City.

## HISTORICAL SKETCH

It was soon after the organization of the Missouri Baptist General Association in the year 1835 that the initial steps were taken for the establishment of an institution of higher learning for young men and in particular for candidates for the Christian ministry. No definite action was taken until 1843, when Dr. William Jewell of Columbia, Missouri, made to the General Association the conditional offer of ten thousand dollars in lands as a nucleus for the building and endowment of a college. The offer was not accepted until 1848. A charter was granted by the legislature and approved by the Governor, February 27, 1849.

In accordance with the terms of this charter the subscribers to the building and endowment funds met in Boonville for the purpose of selecting a location and fixing upon a name for the institution. After an animated contest, the town of Liberty—the county seat of Clay County—was selected, and it was unanimously decided that the name of the institution should be William Jewell College.

The College was opened to students (in the old Liberty Academy) on January 1, 1850, with Rev. J. S. Dulin as Principal and Professor of Ancient Languages, and Rev. T. F. Lockett as Professor of Mathematics. Dr. Dulin served as Principal until the close of the session of 1851-52. Then on account of financial embarrassment the school survived the year 1852-53 as a private enterprise.

In the meantime the foundation had been laid for the building now known as Jewell Hall, and by the summer of 1853 the structure had advanced towards completion so far as to admit of occupancy and use. It was not finally completed until 1858. The building was begun under the immediate superintendence of Dr. Jewell, who died in Aug., 1852, from the effects of exposure to the intense heat of that summer.

In 1853, the trustees resuming full control, called to the presidency Rev. R. S. Thomas, D. D., from a professorship in the State University at Columbia. This administration continued until the summer of 1855, when new financial trouble caused the suspension of the college for the next two years.

The College reopened in the fall of 1857 under the presidency of Rev. William Thompson, LL. D. Dr. Thompson was a graduate of the University of Edinburgh, and was a scholar of distinction and one of the most brilliant orators of his day. His administration lasted until June, 1861, when it was deemed prudent to suspend operations until by the return of peace, the conditions of the country should be more favorable for the prosecution of academic pursuits. There was, however, a school carried on in the college building during the years of the war whenever it was practicable.

Not until 1867 was it thought safe to reopen the institution. In June of this year, Rev. Thomas Rambaut of Louisville, Kentucky, was called to the presidency. He was a graduate of Trinity College, Dublin, and was a man of wide experience in the management of educational enterprises. The first year of his incumbency was devoted to the reorganization and the increasing of endowment.

The reopening was on September 28, 1868, with Dr. Rambaut, President; R. B. Semple, Professor of Latin and French; A. F. Fleet, Professor of Greek and German; John F. Lanneau, Professor of Mathematics; James R. Eaton, Professor of Natural Sciences. Dr. Rambaut's administration ended in the spring of 1874 on account of ill health.

The office of President remained vacant until the summer of 1892. In the meantime the affairs of the college were administered by the Faculty, acting through a chairman. Professor William R. Rothwell was chairman from 1873 to June, 1883, and Professor James G. Clark from that date until June, 1892.

The financial affairs of this period were in the hands of Lewis B. Ely of Carrollton, who had been a most ardent friend of the College. But previous to his election as financial agent in 1887, the Rev. W. Pope Yeaman, D. D., was appointed Chancellor of the College and for two years succeeded in enlarging the endowment.

In June, 1892, the productive endowment had been largely increased, several buildings erected, one of which, Ely Hall, was named in honor of the financial agent, and several members added to the Faculty. Mr. Ely was also president of the Board of Trustees until his death in June, 1897.

In June, 1892, Dr. John Priest Greene, Pastor of the Third Baptist Church of St. Louis, was elected President of the College. Under his administration the number of students was greatly increased, a library with a capacity of 100,000 volumes was erected, also a modern dormitory and a most excellent science building. Many new departments of instruction were added. The crowning glory of Dr. Greene's presiden-

cy of twenty-eight years was that he held the College to the prime purpose of its establishment, namely, the thorough literary and scientific training of young men for Christian service.

On January 1, 1920, Dr. Greene resigned his office as President, and was succeeded by Dr. David Jones Evans, who for many years had been Dean of Biblical Literature and Religious Education. Dr. Evans served until September 1, 1921, when he resigned to become Pastor of the First Baptist Church of Kansas City, Missouri. Dr. Greene was again requested to act as President until a suitable person could be found for the place.

On March 29, 1923, the Trustees of the College elected as President Dr. Harry Clifford Wayman of Louisville, Kentucky. Dr. Wayman was a professor in the Southern Baptist Theological Seminary. He served until June 11, 1928.

On July 3, 1928, Dr. John F. Herget was selected by the Trustees to the presidency. Dr. Herget is an alumnus of William Jewell. He came to the college as its president from a pastorate of twenty-five years at Ninth Street Baptist Church, Cincinnati, Ohio.

### CHOOSING A COLLEGE

The choice of a college is an important matter to every person seeking an education, but it is especially so to students having definite professional aims in view.

Professional schools, especially those of engineering and medicine, impose rigorous preliminary requirements upon their students. The first two years of college work nearly always determine the ability and fitness of a student for the line of study he has in mind. If this work is done in a poor school or poorly done in a good school, the student will suffer a serious handicap in pursuing his advanced studies. The significance of this latter statement will be evident to any medical student who has attempted to enter any of the standard medical colleges. For example, the Harvard Medical School seldom accepts more than fifty per cent of the applications from Harvard University itself and thirty per cent of those from other colleges and universities. The same might be said of the medical departments of some of our neighboring universities. It is therefore evident that graduation from a large university itself does not insure admission to the medical department of that institution.

What then should a student do to make sure that he will not be denied first class training after doing his pre-medical work? The answer is this—he must not only do his pre-medical work in well equipped laboratories and under competent instructors but he must acquire high standing

*in his classes.* The dull or lazy student will find it difficult to gain admission to a good medical college even if he is a graduate of a standard university.

### OUR AIM

William Jewell College is a Christian Liberal Arts College. As such it is not its function to create specialists. This is the business of graduate, professional, and technical schools. Nor is it even the primary function of the Liberal Arts College to prepare young people for a business or a professional career. Of course, we offer pre-professional courses, but our primary purpose is to prepare young people for right living.

A Christian Liberal Arts College should therefore do two things for its students:

(1) It should train them for membership in a Christian social order. This is a social order based upon the ideals and teachings of Jesus Christ.

It should teach them how to become rich; leading them to appreciate the supremacy of spiritual as against material values, and helping them to understand that the rich man in material things is he who has enough for himself and something to share with others, whether his income be one thousand or one million dollars a year, and that that man is poor indeed who has only enough for himself, however large his income may be.

It should seek to build an aristocracy; not an aristocracy of blood nor of wealth and least of all an aristocracy of intellect, but an aristocracy of the pure in heart, the noble in soul, the humble in mind, the unselfish in spirit, and the serviceable in life.

(2) It should train them for leadership in a Christian social order.

The importance of right leadership in business, political, social, or religious life cannot be overestimated. The greatest need among all nations today is an adequate social leadership. From among the young people in our colleges today must come the future leaders. To train them to comprehend, create, control, and direct a Christian social order is the primary business of a Christian Liberal Arts College.

To achieve these ends is the fixed purpose and constant aim of William Jewell College.

### STANDING OF WILLIAM JEWELL

William Jewell College is a member of the North Central Association of Colleges and Secondary Schools, and is also approved by the Association of American Universities.

## CAMPUS AND EQUIPMENT

### Grounds

The College campus consists of one hundred acres of wooded up-land situated just within the northern and eastern corporation limits of the city of Liberty. The buildings are located on the "Old Hill," surrounded with historic associations.

The athletic field of twenty acres is at the foot of the College Hill. It contains a quarter-mile and a 220 yard straight away cinder track, and a football field. Tennis courts are provided in the vicinity of the gymnasium.

### Buildings and Equipment

#### Jewell Hall

Jewell Hall is the oldest of the college buildings on "The Hill." It was built in the early fifties, Dr. Jewell, the founder of the College, himself superintending the work. It is a brick structure containing the recitation and lecture rooms of language, literature, and history. The music department is housed on the third floor.

#### Marston Science Hall

The science hall is located at the southern extremity of "The Hill" and contains the class rooms and laboratories of biology, chemistry, and physics as well as some allied subjects. Most of the first and second floors are occupied by the department of chemistry. The third floor is given over to physics and mathematics and the fourth floor contains the museum and the department of biology. This building is of modern fireproof construction, and is valued at \$225,000. It is especially designed for science work and is a model of its kind.

Marston Science Hall was named in honor of Doctor S. W. Marston who had a great interest in the development of the physical and biological sciences. Mr. Edgar L. Marston, son of Doctor Marston, contributed very liberally to the erection and equipment of the building.

#### The John Gano Memorial Chapel

The friends of the College, realizing the great inconvenience suffered for years because of a lack of an adequate room for daily assemblies, have recently given in cash and pledges sufficient money to build a new assembly hall. The principal donor to this much needed building on "The Hill" was a friend in Kansas City. The building is named, "The John Gano Memorial Chapel" in honor of the Reverend

John Gano, the great grandfather of this donor. This distinguished minister of the gospel established the first Baptist Church in New York City, served as chaplain in Washington's army and enjoyed the most intimate friendship of that great American. The building is now completed, being located at the extreme north end of the quadrangle and facing south. It seats about 1,100 persons. The administrative offices are also in this building.

### Gymnasium

The new Brown Gymnasium was completed in 1929 at a cost of \$150,000. It is located on the drive just east of Gano Chapel, and north of the site of the old gymnasium.

The building measures 102 by 150 feet, and has a main auditorium that will seat 2,000 persons. It is equipped with a swimming pool, measuring 20 by 75 feet. In the front of the building are offices for the director of physical education and coach of athletics. On the second floor in the front of the building there is a corrective gymnasium providing facilities for wrestling, boxing, volley ball, calisthenics, etc. In connection with this gym there are two hand-ball courts. Other features are: a hall for the girls; a room, equipped with showers, for visiting teams; class rooms for instruction in physical education; ample locker rooms and shower baths; rooms equipped for hot steam baths; modern ventilating system, and other features which make this one of the finest gymnasiums in this section of the country.

### New Ely Hall

New Ely Hall, the men's dormitory, is a large, three-story brick and stone building on the college hill. It is a beautiful, thoroughly fire-proof structure offering modern accommodations to over a hundred men. The appointments provide all the modern conveniences of showers, abundant lavatory equipment, electric lights, etc. The large and comfortable lobby with its piano, lobby furniture, and fire-places provides a fine recreational center. See pages 17 and 18 for prices.

Special care is given to the preparation of food, and to the maintenance of a home-like atmosphere.

Sheets and bed covering must be furnished by the students.

To reserve a room, send \$5 to H. B. Early, Assistant Treasurer, William Jewell College, Liberty, Missouri. This amount will be credited on the room rent.

### Old Ely

Old Ely Hall, situated in the midst of the central buildings of the

campus, is a historical and beautifully ivy-covered three-story brick structure. In this building are the offices of the *Student* and *Tatler*, central offices of the debate squad, and the women's retiring room.

### Melrose Hall

Mrs. H. I. Hester is Supervisor and Hostess of this dormitory, a beautiful modern home which accommodates fifty-two girls. Melrose Hall stands on a wooded hill-top overlooking the country, north and east of Liberty. It contains, besides dormitory facilities, the Y. W. A. Room, the T. N. T. local Sorority room, two Kitchenettes for cooking and for pressing, a laundry room, an infirmary, a trunk room, and a reserved suite for guests. A large living room and a music room offer means for social intercourse. Two girls occupy a room. There is a tiled bathroom between each two bed rooms.

All non-resident girls will be expected to live in the College dormitory. Permission to live elsewhere must be secured from President Herget.

Girls will furnish their own towels, sheets, pillow slips, bed covering, window curtains, table napkins and napkin rings, pressing irons, and grills.

For convenience in bringing furnishings, the following dimensions are given: dresser 40x20 inches, highboy 36x20 inches, desk 40x30 inches, single beds, sheets 50x90 inches, pillows 27x18 inches.

To reserve a room, the student should send \$5.00 to H. B. Early, Assistant Treasurer. This will be credited on room rent.

See pages 17 and 18 for prices.

### The Library

The Library occupies a handsome modern building, the gift of Mr. Andrew Carnegie, and other friends of the College. It has 39,600 accessioned volumes classified according to the Dewey system and fully catalogued. In the large reading room may be found encyclopedias, dictionaries, and such modern works as are needed for reference. The reading room receives regularly about 140 periodicals selected so as to help students in the various courses of their college work. At least sixty of the best magazines are bound and are accessible to the students. The library is especially rich in the stock of bound magazines covering the last third of a century.

The library and reading room are open from 7:45 a. m. until 6:00 p. m. except Saturday afternoons, and on Tuesday and Thursday evenings from 7:00 to 9:45.

The Spurgeon library of 7,000 volumes occupies a large section. The records of the Missouri Baptist Historical Society are in the library. Professor H. I. Hester is custodian of these records.

### **The Power Plant**

All of the buildings on the Campus are heated by steam from a central power plant which is valued at \$40,000.00. This adds to the comfort of those living in the dormitories as it eliminates all coal dust and smoke from their rooms.

### **The Co-operative Book Store**

The Co-operative Book Store is situated in the south end of the basement of John Gano Memorial Chapel. Books and other school supplies may be purchased here at reasonable prices.

The store is conducted under the supervision of the Faculty of the College. Its earnings are used to improve the campus.

### **The William Jewell Press**

The William Jewell Press, established in 1914, has become interwoven into the warp and woof of the life of the college and the welfare of a considerable portion of the student body is affected by it. It is the busiest spot on the campus. At present a number of young men and young women are earning part of their college expenses in this printing shop.

This establishment has grown with the college. It now occupies most of the ground floor of the John Gano Memorial Chapel building, requiring about four thousand square feet of floor space for its type cabinets, presses, imposing tables, working quarters, and office space.

In addition to its function as a means of subsistence for students while in college, it has a positive educational and preparatory capacity as well, though it is not listed in the curriculum of the college. It teaches the student a trade. Many students who have learned the fundamentals of the printing trade at the William Jewell Press are now instructors of printing in high schools and technical schools throughout the country. School boards seek the young men who have received their training here for their vocational shops.

The Press started in 1914 under the management of Prof. Ward H. Edwards, with a small bindery as an adjunct of the library, employing one student. The next year a small press was installed for the printing of the forms used by the college and another student was hired. In 1916 another press was donated by Mr. T. O. Sims, of St.

Joseph, who also furnished about \$150 worth of type. That same year a fund of \$3,500 was provided by M. C. Treat, Pasadena; W. D. Johnson, Kansas City; C. Q. Chandler, Wichita; E. S. Pillsbury, St. Louis; and G. M. Smith, Kansas City. Pictures of these men hang on the walls of the Press office.

The Press has been under the management of Mr. Harvey J. Ray since 1921. Experienced printers wishing to attend William Jewell should apply to the manager if they wish employment.

### COST OF ATTENDING WILLIAM JEWELL COLLEGE ALL TUITION AND FEES PAYABLE IN ADVANCE

Tuition, per term.....\$50.00  
Tuition, per term, for ministerial students and sons and daughters

of ministers.....25.00

Tuition, per term, for students taking one subject.....15.00

Tuition, per term, for students taking two subjects.....30.00

If more than two subjects are taken full tuition will be charged.

Gymnasium fee, per term (all students).....2.00

Physical examination fee, per year.....2.00

Caution fee.....5.00

The caution fee will be refunded to the student on his withdrawal from college, less whatever charges may be against him for damage to college property.

Student activity fee, per term.....4.00

This fee will be apportioned as follows: In the fall term, \$2.00 for athletics, \$1.00 for the Student, \$1.00 for music.

In the winter term, \$2.00 for athletics, \$1.00 for the Student, and \$1.00 for the library. In the spring term, \$2.00 for forensics, \$1.00 for athletics and \$1.00 for the library.

The Student activity fee is payable in cash and is non-returnable. It cannot be included in any scholarship or in any other form of gifts or credit that does not provide the actual cash.

### LABORATORY AND SPECIAL FEES, PAYABLE IN ADVANCE.

Laboratory fee in chemistry.....\$5.00

Laboratory fee in physics.....2.50

Laboratory fee in biology, except 228, 228a, 335.....2.50

Laboratory fee in biology, 228 and 228a.....	5.00
Fee in engineering drawing.....	2.50
Education 211, 211a, 213 .....	1.00
Geology .....	1.00
Astronomy (fall and winter terms only).....	1.00

The diploma fee for graduates is \$5.00.

### BOARD AND ROOM

Men—New Ely Dormitory. Rooms, per term, see prices on page 84—  
Key deposit \$1.00.

Women—Melrose Dormitory. Rooms, per term, see prices on page 84.

Board in both New Ely and Melrose dining halls is: Fall Term, \$65.00; Winter Term, \$60.00; and Spring Term, \$55.00.

The necessary expenses for a student boarding and rooming in the college dormitories are from \$425.00 to \$475.00 per year.

### LATE ENROLLMENT

On page 3 of this catalog will be found the periods of time set aside for classification and payment of fees for each term of the school year 1932-33.

For failure to matriculate and be classified within the period set therefor, an extra fee of \$3.00 will be charged and in addition to this an extra fee of \$3.00 will be required for late payment of regular fees. These extra fees will be reduced to \$2.00 each for new students.

### REFUNDS

Since the college, in good faith, employs its faculty and incurs all of its educational expenses for the year in advance, there can be no refund of any tuition or fees for any reason. And there will be no refund under any circumstances on room rent, but unused portions of advanced payments on board will be returned in cases of protracted illness certified to by an attendant physician.

A refund of 20 cents per meal will be granted to students missing five consecutive meals or more in the dining halls.

### REDUCED TUITION

William Jewell College gives reduced tuition to ministerial students and sons and daughters of ministers. To secure reduced tuition each student for the ministry must present either ordination papers or a license to preach or the formal approval of his church.

## OPPORTUNITIES FOR SELF-HELP

About two hundred students earn at least a part of their expenses while in college.

There is a demand in Liberty for help in keeping furnaces, waiting tables, carrying papers, house cleaning and various other kinds of odd jobs. A number of students work in stores, garages, printing offices, and restaurants. The college also offers employment to a number of students about the campus and in buildings.

Students wishing employment on the campus should correspond with Professor J. E. Davis, Liberty, Mo. The college has no control of work out in town. To secure such it is necessary for a student to make application in person to those needing help. Mr. Harvey J. Ray, manager of the William Jewell Press, employs a limited number of students, preferably those with experience in the printing business.

## LOAN FUNDS AND SCHOLARSHIPS

A loan fund of \$3,000.00 is available for the benefit of students worthy of financial aid. All funds provided by churches or individuals and designated for certain students will be administered according to the wishes of the donors.

### Competitive Scholarships

The A. R. Levering Scholarship is awarded to the sophomore making the most satisfactory record in his freshman year at William Jewell College.

The L. B. Ely Scholarship is awarded to the junior making the most satisfactory record as a sophomore.

The John Sillers Scholarship is awarded to the senior making the most satisfactory record in his junior year.

These scholarships provide full tuition for one year and are awarded to applicants by the faculty. They do not include special fees.

The Marston Scholarship yields about \$250.00 annually and is for a William Jewell College Graduate in Brown University. It is open to competition under rules prescribed by the faculty. The scholarship was founded by Mr. E. L. Marston, son of Rev. S. W. Marston, D. D.

### Non-Competitive Scholarships

The following scholarships are governed by the College and will be granted to applicants whom the College thinks most worthy of receiving them.

The R. E. Turner, Elizabeth Johnson, Margaret Bryant, Geo. S. Bryant, Pauline Bryant, John L. and Elizabeth Burnham, J. C. Carter, and Rev. John D. Green Scholarships are available to either literary or ministerial students.

The following scholarships are awarded to ministerial students only:

The scholarships, known as the James G. Clark Memorial Scholarship, the W. B. Ballew Scholarship, the W. F. Elliott Scholarship, the Mrs. Mary Elliott Scholarship, the H. W. Gilliam Scholarship, the Mildred Ely Montgomery Scholarship, the Thos. F. Melvin and Wife Scholarship, the William M. Senter Scholarship, the Joint Scholarship of William Anderson Crouch, a Baptist preacher, and Martha Alice Crouch, his wife, and Rev. John D. Green Memorial Scholarship.

Besides these scholarships, there is a scholarship fund maintained by the friends of the College from which needy and worthy students may receive aid.

All students receiving scholarships other than competitive scholarships are expected to live in the college dormitories.

Students pursuing any mode of living not conducive to economy or engaging in extravagant habits will not be given the scholarships.

**The Reynolds Fund**—Mr. J. B. Reynolds of Kansas City has generously given to the College a large sum of money as an endowment fund. The major portion of the income from this fund is used to assist worthy students preparing for the ministry and missionary service.

**Honor Scholarship**—This institution participates as a member in the plan of the Missouri College Union, whereby an honor scholarship is offered to one member of the graduating class of each first-class high school or secondary school in the State of Missouri, the same to be awarded on the recommendation and vote of the principal and faculty. This award is made to one who ranks in the upper ten percent of the class, and who, moreover, has been chosen by the faculty on the basis of physical vigor, qualities of manhood or womanhood, force of character, and leadership.

This scholarship, if and when presented to this institution, within eighteen months following graduation from high school, accompanied by satisfactory recommendations, entitles the holder to an award of \$50.00 in payment of annual tuition and fees. It is honored only in liberal arts and science courses leading to the bachelor's degrees, and is good for one year. This institution invites correspondence or conference concerning this scholarship.

## PRIZES

**The William M. Fitch Prize**—William M. Fitch, '93, offers a \$20.00 gold medal annually to the student who writes the best essay on some specified sociological subject.

**The Frank B. Hearne Medal In Chemistry**—By the will of Mrs. Roberta Lee C. Hearne of Independence, Missouri, "the Trustees of William Jewell College are directed to purchase annually a medal to cost approximately \$50.00, such medal to be known as the Frank B. Hearne Medal to be awarded annually as a scholarship medal for excellency in the study of chemistry. At the discretion of the Trustees, and with the approval of the recipient, the sum of \$50.00 in gold coin may be awarded. The bequest is in affectionate remembrance of her husband, Frank B. Hearne, whose college education was obtained at William Jewell." This prize will in general be awarded to a member of the graduating class, but in exceptional circumstances may be given to a lower classman.

**The Dr. Otto H. Russell Prize**—Dr. Otto H. Russell of California offers an award of \$25.00 in gold annually to the student who writes the best thesis on some subject in the field of Bible study. This subject is to be selected by the head of the Department of Bible. The student preparing the thesis must have had at least six term hours of Bible in the College.

**Literary Prizes**—Annually there are awarded two trophies for the best original prose and poetry written by students. One is the J. P. Fruit Trophy for Poetry and the other the P. Caspar Harvey Trophy for Prose. The awards are announced at Commencement.

**The Earl Eubanks Medal**—In order to stimulate scholarship Dr. Earl Eubanks of the University of Cincinnati offers a medal to that member of the graduating class who has the highest scholastic rating for his entire college course. This medal is awarded annually at Commencement time.

## DORMITORY REGULATIONS

All boys of the freshman class are required to room and board in New Ely Hall. Exceptions to this rule will be made in case students live in the community or work in town for their board or room. Permission must be obtained from President Herget.

All non-resident girls will be expected to live in Melrose Hall.

Discipline in New Ely Hall is in charge of the superintendent of the dormitories, the matron of the dining hall, and the discipline committee. Discipline in Melrose Hall is in charge of the directress of women and the discipline committee.

If it should become necessary to dismiss a student from a dormitory on account of misconduct, his future relation to the College will be determined by the faculty.

No refund will be made to a student on either board or room if it becomes necessary to dismiss him or her from a dormitory on account of bad conduct, since the money paid by such a student does not meet the expense incurred by such behavior.

## REQUIREMENTS FOR ADMISSION AND GRADUATION

### HOW TO ENTER WILLIAM JEWELL COLLEGE

Graduation or the equivalent of graduation from a fully accredited high school with not less than 15 specified units will admit a student to William Jewell College without condition. The student should request an officer of the high school to send an official transcript of his entrance credits to the Registrar of William Jewell College, Liberty, Mo. The college prefers to have these credits on its own blanks which the student will find in this college bulletin on the inside of the back cover.

Entrance credits should reach the Registrar before September 1.

Since freshmen, with some exceptions, are required to room and board in the college dormitories, they should select a room early in the summer and reserve it by sending Mr. H. B. Early \$5.00 as part payment on the rent. The positions of rooms may be found on pages 82-83. The prices of rooms may be found on page 84.

After presenting his entrance credits and reserving a room, the student has no other arrangements to make until coming to Liberty, at which time matriculation will be completed.

Students coming from other colleges must bring honorable dismissals. Those wishing to enter later than two weeks after the beginning of a term should correspond with the Registrar before coming to Liberty.

*No one is permitted to enter a course of study later than two weeks after class work has begun, unless he can show that he has already done the missing work in a satisfactory manner in an accredited school.*

The 15 units required for entrance should be distributed as follows:

English.....	3 units
Foreign Languages.....	2 units (both in same language)
Mathematics.....	2 units
Elected from Academic Subjects (English, Foreign Language, Mathematics, Natural Sciences, Social Sciences).....	4 units
Elected from other subjects accepted for graduation from high school.....	4 units

From the above it will be seen that a minimum of 11 units must be offered from the academic group and not more than 4 from the non-academic.

The student should have an official transcript of his credits sent to the Registrar and receive from him a statement as to the number of units that will be accepted.

A student may also enter William Jewell with twelve units done in an approved senior high school as recommended by the North Central Association of Colleges and Secondary Schools.

A unit of work is the standard unit of the high schools, approved by the Superintendent of Public Schools of Missouri.

A student coming from another college must provide an honorable dismissal from the college last attended, and also a transcript of grades. These credentials should not be presented by the student himself but should be sent directly from the college issuing them.

By permission of the Registrar a student may take not more than two subjects and be listed as a *special student*. For students so listed a special rate of tuition will be charged in addition to registration, caution, and student activity fees.

The College reserves the right to refuse admittance to a student whose high school record or moral life seems to make him unfit for college life.

#### DEGREE CONFERRED

William Jewell College grants only one degree, namely, the Bachelor of Arts. This degree will be conferred upon students who have satisfied the entrance requirements and have completed 186 term hours of college work and have earned 186 honor points in the manner prescribed under Specific Requirements for Graduation.

Degrees will be designated according to student's major: A. B. in Education, A. B. in Bible, A. B. in Mathematics, etc.

## SPECIFIC REQUIREMENTS FOR GRADUATION PLAN OF MAJORS AND MINORS

1. All college courses are classified in a general way under four groups which, for convenience of reference, will be designated by I, II, III, IV, as follows:

- I. Latin, Greek, French, German, and Spanish.
- II. Mathematics, chemistry, physics, and biology.
- III. History and political science, economics, sociology, philosophy, education, Bible and advanced English.
- IV. All other subjects taught.

2. On entering college a student is required to take in his freshman year the following subjects:

Freshman English, one foreign language, and one subject from either mathematics, physics, chemistry or biology and physical education.

3. Three term hours of hygiene and sanitation are required for graduation and also six hours of Bible, namely, Bible 101a, 102a, 103a.

4. After completing the freshman work a student must choose one of the fifteen majors and its three prescribed minors as shown in the table of majors and minors (Pages 88-89). A major is nine terms of work in one subject (unless otherwise stated) taken in regular sequence, and of not less than four hours per week. A minor is six terms of work with such exceptions as appear in the table.

All other work necessary to make the 186 hours for graduation is elective.

The maximum amount of credit a student may receive in one department is sixty hours.

5. Any senior having fulfilled all other requirements for graduation with his class except the lack of not more than twelve (12) term hours may, by permission of the Faculty, do this work in absentia, and thereupon be graduated as of his class, *provided he complete this deficiency before February 1st of the following year.* Such a student may participate only in the graduating exercises of the class *following the completion of his work*, but will be graduated as of his own class.

6. A student having completed in William Jewell College the required work for graduation may, with the approval of the Faculty, finish the work for the A. B. degree by one year of satisfactory work done in an A-grade technical school. (This privilege will not be granted to a student of low scholastic ability or one having more than a normal year's work to complete for graduation.)

7. Students offering three or more years of college work from

other institutions must complete their entire senior year's work (not less than 45 hours) in William Jewell College in order to acquire the A. B. degree in this institution.

## GENERAL REGULATIONS

### CLASSIFICATION

To be classified as **Freshman** a student must present 15 units as described on page 23.

To be classified **Sophomore** a student must have at least 36 term hours of college work.

To be classified **Junior**, at least 84 term hours, and as **Senior** at least 132 term hours must be presented, and in addition to this there must be at least 84 and 132 honor points respectively to entitle students to these classifications.

In each of these cases the student's work must be of such a kind as to lead to graduation in the normal time.

### GRADING, EXAMINATION, AND HONOR POINTS

1. Grades are expressed by the letters A, B, C, D, and F. The first four letters indicate grades ranging in order from 100 per cent down to 60 per cent. F means failure.

2. The grade A entitles a student to **three** honor points per credit hour. B carries with it **two** such honor points per hour and C **one** honor point per hour. No honor points are given for the grade D. In arriving at student averages the grade F is assigned **one negative** honor point per credit hour, but this is not done when determining a student's classification. 186 honor points are required for graduation.

The number of honor points won by a student determines his scholastic rating.

3. In classes of more than 14 students the number of those receiving a grade of A is limited to 25 per cent of the class. A teacher may disregard this rule, however, provided he limit the number of A grades in his whole department to 25 per cent of the number of students.

4. No student is admitted to examination in a subject in which the number of his class absences has reached 25 per cent of the total number of recitations.

5. In order to be admitted to a final examination a student must have acquired a class grade of at least D. No second examinations are permitted because of failures, except that a senior may be granted **one** re-examination as a senior privilege.

6. College students are limited to 18 hours of work per week. Less than 12 hours of work per week may not be carried without the permission of the Registrar.

7. Students are not permitted to drop or exchange a study later than one week after recitations begin, without consent of the Registrar.

8. The College reserves the privilege of omitting courses, the demand for which is not sufficient to justify their being given.

#### INCOMPLETE WORK

If at the close of any term a student's grade is reported as "incomplete," he must make up the deficiency prior to the examination period of the next following term or a grade of F will be recorded and the student barred from further participation in any course to which the deficiency is a prerequisite.

#### CORRESPONDENCE

The college will not accept for graduation work done by correspondence from any institution except those of high standing having regularly organized correspondence departments, and then in no greater amount than one-fourth of the number of term hours required for graduation. No credit may be allowed by correspondence toward a major except by consent of faculty upon recommendation of head of department, and not more than 15 hours will be accepted in any one department.

#### STUDENT CONDUCT

It is assumed that every student matriculating in William Jewell College agrees to conduct himself in a manner conducive to the highest sort of mental and moral development. The faculty reserves the right to send any student home whose habits are considered inconsistent with the ideals of the institution.

Hazing in any form is contrary to the wishes of both the trustees and faculty of the College. The domination by force of one class by another is now regarded by the best colleges and universities as contrary to the spirit of the modern education.

#### CLASS ATTENDANCE

Students are required to attend classes regularly. A grade of zero will be given for each class absence. This zero grade may be removed by the student's making up the work with the permission of the teacher.

### PENALTIES FOR ABSENCES

(a) For a total number of twelve absences from any class or classes or chapel assembly in one term one negative hour shall be assigned.

(b) Each absence on the day immediately before or after a holiday or vacation shall count as three absences.

### CHAPEL

All students are required to attend chapel exercises, which are held on Tuesday, Wednesday, and Thursday at 10:35. This convocation is not only for the purpose of holding religious exercises, but also to hear public announcements and to cultivate the college spirit and good fellowship.

For each 12 unexcused absences from chapel, one negative hour will be given. Excuses from chapel are issued by the Registrar.

### PREPARATION FOR PROFESSIONAL SCHOOLS

The best schools of law and medicine require a minimum amount of specific college work for entrance, in addition to graduation from a four-year high school. They also place particular emphasis upon the quality of this work and also the personality and adaptability of the candidate for admission.

Two years of college work is still the minimum quantitative requirement for entrance to some well approved professional schools, but there is a strong tendency to raise this amount to three years. The medical department of the University of Missouri made this change in 1928-29.

Even after graduation from college, which is required in some institutions, it is not always possible for a student to gain admission to the professional school of his choice. The Harvard Medical School chooses only 125 men out of about 600 qualified applicants. The Yale School of Law bases its selection of candidates upon quality of college record, an aptitude test, and letters of recommendation, in addition to the quantity of preparation.

Students interested in a medical education should secure a pamphlet issued by the Council of Medical Education and Hospital, 535 North Dearborn Street, Chicago, Ill. This booklet contains information about medical schools besides a list of minimum requirements.

For students wishing to do only two years of college work before entering a professional school, the following outlines are recommended:

*Suggested pre-professional courses for first two years. Courses for third and fourth years to be arranged.*

### TWO-YEAR PRE-MEDICAL COURSE

#### FRESHMAN YEAR

## DEPARTMENTS OF INSTRUCTION

Courses numbered 100 to 199 are intended primarily for freshmen, 200 to 299 for sophomores, and 300 to 399 for juniors and seniors.

### BIBLE

A major in this department must include courses 101a, 102a, 103a, 108, 109, 110, and 231, 232, 233. A minor is any six of the above courses taken in their proper order.

**101a. BIBLE HISTORY.** The aim of this course is to give the student a knowledge of Bible History. In the fall term attention is given to introductory matters and to the history in the Old Testament through the period of the Judges. Texts: The Bible, A Syllabus for the Study of the Bible—Hester, A Class Book of Old Testament History—Maclear, Library references.

Credit, 2 hours; required for graduation.

Fall term. Two sections: T., Th. at 1:15; W., F. at 11:00. Jewell Hall.

PROFESSOR HESTER.

**102a BIBLE HISTORY.** Completing the study of Old Testament History and the interbiblical period. Texts: The Bible, A Syllabus for the Study of the Bible—Hester, A Class Book of Old Testament History—Maclear, Library References.

Credit, 2 hours; required for graduation.

Winter term. Two sections: T., Th. at 1:15; W., F. at 11:00. Jewell Hall.

PROFESSOR HESTER.

**103a. BIBLE HISTORY.** New Testament history. Texts: The Bible, A Syllabus for the Study of the Bible—Hester, Studies in the New Testament—Robertson, Library References.

Credit, 2 hours; required for graduation.

Spring term. Two Sections: T., Th. at 1:15; W., F. at 11:00. Jewell Hall.

PROFESSOR HESTER.

**108. THE LIFE OF CHRIST.** A careful study of the principal events in the life of Christ. Texts: A Harmony of the Gospels—Robertson, The Days of His Flesh—Smith, Library References.

Credit, 4 hours. For freshmen.

Fall term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HESTER.

**109. THE APOSTOLIC AGE.** An account of the development of the Church and the spread of Christianity from the ascension of Jesus to the close of the New Testament. Texts: The Bible, The Life and Letters of St. Paul—Smith, Library References.

Credit, 4 hours. For freshmen.

Winter term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HESTER.

**110. CHRISTIAN ETHICS.** A careful study of the ethical teachings of Jesus with special reference to their application to present day life. Texts: The Fundamental Virtues—Greene, Christianity and Social Problem—Price, Library References.

Credit, 4 hours. For freshmen.

Spring term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HESTER.

**231. HISTORY OF THE CHURCH.** A rapid review of the first Christian Century and the development of the Church through the Reformation. Texts: The History of the Christian Church—Fisher, Library References.

Credit, 4 hours. One course of college history prerequisite.

Fall term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR HESTER.

**232. HISTORY OF THE CHURCH.** Christianity after the Reformation. A rapid survey of Christianity in America. Texts: The History of the Christian Church—Fisher, History of American Christianity—Bacon, Library References.

Credits, 4 hours. One course of college history prerequisite.

Winter term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR HESTER.

**233. CHRISTIAN MISSIONS.** History of missions with special attention to conditions on mission fields today. Introduced by survey of the chief teaching of the non-Christian religions. Texts: The Religions of the World—Grant, The Progress of World-Wide Missions—Glover, Library References.

Credit, 4 hours. One course of college history prerequisite.

Spring term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR HESTER.

**311a, 312a, 313a. NEW TESTAMENT GREEK.** In these courses the student is made familiar with the main differences between classical and the New Testament Greek. One of the gospels

and one of Paul's epistles are read in Greek. Grammar is studied and translation from English into Greek required. (See department of Greek).

Credit, 4 hours each term. Greek 223 (two years of Greek) prerequisite.

Fall, Winter, and Spring terms. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR DERWACTER.

141b. **RELIGIOUS EDUCATION.** Organization and administration. Careful study of the Sunday School, Week-Day Religious Education, The Daily Vacation Bible School, and Christian Education in institutions of higher learning. Text: The Organization and Administration of Religious Education—Stout, Library References.

Credit, 2 hours.

Fall term. T., Th. at 2:10. Jewell Hall.

PROFESSOR HESTER.

142b. **RELIGIOUS EDUCATION.** The teaching of Religion. Texts: Outfitting the Teacher of Religion—Snowden, The Art of Jesus as a Teacher—McKoy, Library References.

Credit, 2 hours.

Winter term. T., Th. at 2:10. Jewell Hall.

PROFESSOR HESTER.

143b. **THE EFFICIENT CHURCH.** The place of the efficient church in the community. Texts: The Functioning Church—Burroughs, Public Worship—Pattison, Library References.

Credit, 2 hours.

Spring term. T., Th. at 2:10. Jewell Hall.

PROFESSOR HESTER.

## BIOLOGY

Any six courses constitute a minor and any nine a major.

121, 122. **GENERAL ZOOLOGY.** A course dealing with the general principles of biology and giving a general view of all of the animal phyla. Text: College Zoology—Hegner. Fee, \$2.50.

Credit, 5 hours each term. For freshmen.

Fall and winter terms. Lectures M., T., Th. at 9:40. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE AND MISS CHURCHILL.

123. **GENERAL BOTANY.** A brief survey of the plant kingdom with special attention to the Phanerogams. Part of the time is given to a study of local flora and the preparation of an herbarium. Text: Principles of Botany—Bergen and Davis. Fee, \$2.50.

Credit, 5 hours. For freshmen.

Spring term. Lectures M., T., Th. at 9:40. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE AND MISS CHURCHILL.

228, 228a. **GENERAL BACTERIOLOGY.** Fundamental principles of Bacteriology, including the relation of bacteria to industries and diseases. Laboratory work is co-ordinated with the principles developed in the lectures, with emphasis upon technique. Typical pathogenic and non-pathogenic bacteria are studied. Text: Bacteriology—Buchanan. Fee, \$5.00.

Credit, 4 hours each term. Biology 121, 122, 123 and chemistry 101a, 102a, 103a prerequisites.

Fall and winter terms. Lectures T., Th. at 11:00. Laboratory M., W. at 2:10. Marston Hall.

Miss CHURCHILL.

230. **BOTANY.** A course in general botany treating of the structure, physiology, and relationships of plants. Text: Principles of Botany—Bergen and Davis. Fee, \$2.50.

Credit, 4 hours. Biology 121, 122, 123 prerequisites.

Spring term. Lectures T., Th. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

Miss CHURCHILL.

232. **HISTOLOGY.** A study of the microscopic structure of animal tissues and the methods of histological work. Text: Manual of Normal Histology—Hill. Fee, \$2.50.

Given in alternate years; will be offered in 1932-33.

Credit, 4 hours. Biology 121, 122, 123 prerequisites.

Fall term. Lectures M., W. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE.

**229. HUMAN PHYSIOLOGY.** A study of the anatomy and physiology of the human body. The laboratory work consists of a study of the gross and microscopical structure of organs of physiological processes. Text: Textbook of Anatomy and Physiology—Williams. Fee, \$2.50.

Given in alternate years; will be offered in 1932-33.

Credit, 4 hours. Biology 121, 122, 123, 232 prerequisites.

Winter term. Lectures M., W. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE.

**227. EMBRYOLOGY.** A study of embryological development as illustrated in the chick. Lectures deal with the development of germ cells, cleavage of the egg, formation of the principal organs, and the differentiation of tissues in vertebrates. Text: Vertebrate Embryology—Shumway; Laboratory Outlines—Lillie. Fee, \$2.50

Credit, 4 hours. Biology 121, 122, 123, 229, 232 or 121, 122, 123, 234, 225 prerequisites.

Spring term. Lectures M., W. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE.

**234. ENTOMOLOGY.** An elementary course dealing with the structure, physiology, development, classification, and economic relations of insects. Text: Economic Entomology—Fernald. Fee, \$2.50.

Given in alternate years; offered in 1931-32.

Credit, 4 hours. Biology 121, 122, 123 prerequisites.

Fall term. Lectures M., W. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE.

**225. COMPARATIVE ANATOMY OF THE VERTEBRATES.** A study of the comparative development of the various systems and organs of vertebrate animals, their structure and homologies. The laboratory work consists of a comparative study of Amphioxus, lamprey, dogfish, turtle, and cat. Text: Biology of the Vertebrates—Walter. Fee, \$2.50.

Given in alternate years; offered in 1931-32.

Credit, 4 hours. Biology 121, 122, 123 prerequisites.

Winter term. Lectures M., W. at 11:00. Laboratory, minimum 4 hours per week. Marston Hall.

PROFESSOR ELMORE.

**333. SYSTEMATIC BOTANY.** A study of local flora and the principles of classification of seed plants. Fee, \$2.50.

Credit, 3 hours. Biology 121, 122, 123, 230 prerequisites.

Fall or spring term. Lecture, M. at 9:40 Laboratory, minimum 6 hours per week. Marston Hall.

PROFESSOR ELMORE.

**333a. SYSTEMATIC BOTANY.** A study of local flora and the principles of classification of seed plants. Fee, \$2.50.

Credit, 6 hours. Biology 121, 122, 123, 230 prerequisites.

Fall or spring term. Lecture, M. at 9:40. Laboratory, minimum 12 hours per week. Marston Hall.

PROFESSOR ELMORE.

**335. GENETICS.** A study of the anatomical structures and physiological processes concerned in heredity, and the application of these facts to the transmission of hereditary characters. Text: Genetics—Walter.

Credit, 2 hours. Biology 121, 122, 123 prerequisites.

Fall term. W., F. at 9:40. Marston Hall.

PROFESSOR ELMORE.

**340. PROTOZOOLOGY.** A study of the structure, physiology, and taxonomy of the Protozoa. Fee \$2.50. Text: Biology of the Protozoa—Calkins.

Credit, 4 hours. Three years of biology prerequisite.

Fall or spring term. Consultation period, F. at 10:35.

PROFESSOR ELMORE.

The College has an herbarium consisting of about 5,000 specimens collected in thirty-six states and foreign countries. Among the foreign countries represented are India, Palestine, Germany, Belgium, France, and England. Included in the herbarium is a large collection from Wisconsin by Dr. J. S. Douglas and one from Shelby County, Missouri by C. A. Ripley. Plants from India, Palestine, and some from Europe are from W. T. Elmore.

## CHEMISTRY

Any three years of Chemistry constitute a major; any two a minor. Those pursuing a major or a cognate minor in this department should take mathematics as a prerequisite, or take mathematics at the same time they take up the study of Chemistry.

**101a, 102a, 103a. GENERAL CHEMISTRY AND QUALITATIVE ANALYSIS.** A study of the common substances, elements, and compounds and their behavior. Some qualitative analysis is included during latter part of year. There will be two classes; divisions to be arranged from time to time according to the students' ability or attainments.

Credit, 5 hours each term. First course in Chemistry. Open to freshmen.

Fall, winter, and spring terms. Lectures M., W., F. at 9:40 and 1:15. Laboratory periods to be arranged; one M., W. afternoons, and one Monday mornings. Marston Hall.

PROFESSOR WEIDA.

**204. THEORETICAL CHEMISTRY.** The first term will be devoted to chemical laws and principles that could not be included in 101a, 102a, 103a. This course will precede or accompany all advanced Chemistry, and will indicate the fitness of the student to continue with Chemistry. Text: Second Year Chemistry—Chapin.

While this is primarily a class-room course with calculations and problems, some laboratory work may be done to illustrate the applications of theory to chemical analysis—at extra hours in the afternoon.

Credit, 5 hours. Chemistry 101a, 102a, 103a prerequisites.

Fall term. Lectures T., Th., F. at 11:00. Laboratory periods T., Th. at 2:10. Marston Hall.

PROFESSOR EDSON.

**205, 206. ORGANIC CHEMISTRY.** A first course. See course 313, fall term, for advanced course to follow these courses. Text: Conant or Williams; Adams and Johnson Manual.

Students who begin chemistry after freshman year and who are taking major in chemistry may make arrangements to take courses 207 and 208 at same time as 205 and 206. Such students should take the course on the Electron given by Professor Edson (also listed physics).

Credit, 5 hours each term. Chemistry 101a, 102a, 103a, 204 prerequisites.

Winter and spring terms. Lectures T., Th., F. at 11:00. Labora-

tory periods T., Th. at 2:10. Marston Hall.

PROFESSORS WEIDA AND EDSON.

207, 208. **QUANTITATIVE ANALYSIS.** Text: Quantitative Analysis—Fales and Calculations of Quantitative Analysis—Hamilton and Simpson.

Students who began chemistry after freshman year and who are taking major in chemistry may make arrangements to take courses 207 and 208 at same time as 205 and 206. Such students should take the course on the Electron given by Professor Edson (also listed physics).

Credit, 5 hours each term. One course in College mathematics (must be taken in conjunction with this course if not before). Chemistry 101a, 102a, 103a, 204 prerequisites.

Winter and spring terms. Lectures T., Th. at 1:15. Laboratory periods M., W., F. at 2:10. Marston Hall.

PROFESSOR EDSON.

### 309. PHYSICAL CHEMISTRY.

Credit, 5 hours. Chemistry 101a, 102a, 103a, 208 prerequisites.

Fall term. Lectures M., W., F. at 1:15. Laboratory periods T., Th. at 2:10. Marston Hall.

PROFESSOR EDSON.

### 313. SYNTHETIC ORGANIC CHEMISTRY.

Credit, 5 hours. Chemistry 101a, 102a, 103a, 204, 205, 206 prerequisites.

Fall term. Lectures T., Th., at 1:15. Laboratory periods M., W., F. at 2:10. Marston Hall.

PROFESSOR EDSON.

### 315. SPECIAL METHODS OF QUANTITATIVE ANALYSIS.

For those who have had at least two years of college chemistry. The details will be arranged and varied somewhat according to needs; ordinarily will include analysis of water, milk, and foods.

Credit, 5 hours. Chemistry 101a, 102a, 103a, 207, 208 prerequisites.

Winter term. Lectures and laboratory periods to be arranged with instructor. Marston Hall.

PROFESSOR EDSON.

316. INTRODUCTORY CHEMICAL MICROSCOPY. Use of microscope and its accessories for the detection of chemical substances, textiles, and paper fibres.

Credit, 5 hours. Open only to juniors and seniors who have had Chemistry 101a, 102a, 103a.

Spring term. Lectures, W., F. at 1:15. Laboratory periods to be arranged with instructor. Marston Hall.

PROFESSOR EDSON.

The laboratory work for all except seniors is to be done at the hours named in connection with the course; at which time the professor will be available, and present with the students working under his direction. This leaves other hours available for their other appointments and work.

Note—The laboratory is open on Monday mornings for extra student work; but not on Saturdays except for student assistants and employees of the department.

Two elementary sciences may usually be arranged for in the same year without conflict.

Students preparing for engineering should take at least two years of physics and two years of mathematics in addition to chemistry. Those expecting to study medicine should take at least one year of physics and one, or preferably two, in biology in addition to a minimum of three years of chemistry.

Students preparing for graduate work in chemistry should take two years of German, two years of French, and mathematics through the calculus.

## ECONOMICS

201, 202. INTRODUCTION TO ECONOMICS. The purpose of this course is to acquaint the student with the major features of our economic life, such as competition, production, consumption, distribution and exchange, as they function through the price process, our banking system, and as they effect the problems of labor, public finance, and other problems.

Credit, 4 hours each term. For sophomores.

Fall and winter terms. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR HOWD.

203. LABOR PROBLEMS. A study of labor conditions in the United States as they have developed within the past fifty years or so, with special attention to the chief problems of labor welfare, as they are affected by the relations of the various labor groups to the public, to their employers, and to each other.

Credit, 4 hours. Prerequisite, Economics 202.

Spring term. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR HOWD.

**301. ECONOMIC GEOGRAPHY.** A study of the natural resources of the world, the ways in which these resources have been utilized, and the part these resources have had in the development of the present economic society.

Alternates with Economics 304. Not given in 1932-33.

Credit, 4 hours. Prerequisite, Economics 202.

Fall term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

**302. EUROPEAN ECONOMIC HISTORY.** The backgrounds and development of modern economic institutions as these have developed in western Europe.

Alternates with Economics 305. Not given in 1932-33.

Credit, 4 hours. Prerequisite, Economics 202.

Winter term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

**303. AMERICAN ECONOMIC HISTORY.** The settlement and growth of the United States with special reference to the economic aspects of that development.

Alternates with Economics 306. Not given in 1932-1933.

Credit, 4 hours. Prerequisite, Economics 202.

Spring term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

**304. BUSINESS ORGANIZATION AND MANAGEMENT.** A study of the science of business, forms of business organization, and the financing and management of business enterprises.

Alternates with 301. Given in 1932-1933.

Credit, 4 hours. Prerequisite, Economics 202.

Fall term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

**305. MONEY AND BANKING.** A study of the origin, kinds, function and systems of money and banking, with special emphasis upon the Federal Reserve System.

Alternates with Economics 302. Given in 1932-1933.

Credit, 4 hours. Prerequisite, Economics 202.

Winter term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

**306. RAILWAY TRANSPORTATION.** A history of railway development in the United States and a study of the major problems

of the industry, such as rate-making and regulation.

Alternates with Economics 303. Given in 1932-1933.

Credit, 4 hours. Prerequisite, Economics 202.

Spring term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR PUGH.

## EDUCATION

Courses 211, 213, 321, 322, 318, 314, 315, 316, 320, and 319 form a major in education. Twenty-four hours in education form a minor. The following courses are recommended for a minor: 211, 213, 314, 315, 318, and 321.

**211. GENERAL PSYCHOLOGY.** It is the purpose of this course to give a general treatment of the main elements, facts, and principles of psychology. Inherited traits, instincts, reflexes, emotions, central nervous systems, and the various mental processes are a few of the topics studied in the course. Freshmen may be admitted to this course. Fee \$1.00.

Credit, 4 hours.

Fall term. Three divisions: M., T., W., Th. at 1:15, and T., W., Th., F. at 7:50 and 9:40. Jewell Hall.

PROFESSOR SULLIVAN.

**211a. GENERAL PSYCHOLOGY.** This course is a continuation of General Psychology 211.

Credit, 4 hours. Education 211 prerequisite.

Winter term. Three divisions: M., T., W., Th. at 1:15, and T., W., Th., F. at 7:50 and 9:40. Jewell Hall.

PROFESSOR SULLIVAN.

**213. EDUCATIONAL PSYCHOLOGY.** A study of the facts and principles of the learning process, and an application of the methods and results of experimental psychology to the problems of class room instructions. A few of the topics studied are the learning process, habits, association, individual differences, intelligence, memory, and types of tests. Fee \$1.00.

Credit, 4 hours. Education 211 prerequisite.

Spring term. Three divisions: M., T., W., Th. at 1:15, and T., W., Th., F. at 7:50 and 9:40. Jewell Hall.

PROFESSOR SULLIVAN.

**326. PSYCHOLOGY OF ADVERTISING.** This course will be devoted to an intensive study of the psychological principles and techniques of modern advertising. The course will include a survey of the literature on advertising; a study of the fields of advertising; methods in the various fields; advertising costs; and other topics.

Credit, 2 hours. Education 211 prerequisite.

Fall term. T., Th. at 8:45. Jewell Hall.

PROFESSOR SULLIVAN.

**327. APPLIED PSYCHOLOGY.** An intensive study of the applications of psychological principles in various lines of work, such as business, industry, law, and medicine. Attention will also be given to a study of different types of personality.

Credit, 2 hours. Education 211 prerequisite.

Winter term. T., Th. at 8:45. Jewell Hall.

PROFESSOR SULLIVAN.

**328. VOCATIONAL AND EDUCATIONAL GUIDANCE.** It is the purpose of this course to give the student an acquaintance with the methods and materials of vocational and educational guidance. Such topics will be treated in this course as the following: Development of the vocational guidance movement, methods in vocational guidance, use of tests in guidance, occupational information, vocational choices, educational guidance, the high school teacher's responsibility for guidance.

Credit, 2 hours.

Spring term. W., F. at 8:45. Jewell Hall.

PROFESSOR SULLIVAN.

**321. HISTORY OF EDUCATION.** A brief study of the educational systems of Greece and Rome and of the development of the school during the middle ages. Special emphasis will be given to the development of the educational systems of modern European nations.

Credit, 2 hours each term. Freshmen not admitted.

Fall and winter terms. W., F. at 11:00. Jewell Hall.

PROFESSOR SULLIVAN.

**322. HISTORY OF EDUCATION IN THE UNITED STATES.** It is the purpose of this course to give the student an acquaintance with the development of education in the United States from the early colonial period to the present time. In the latter part of the course attention will be given to modern practices and trends in education.

Credit, 2 hours. Freshmen not admitted.  
Spring term. W., F. at 11:00. Jewell Hall.  
PROFESSOR SULLIVAN.

**318, 318a. MENTAL AND EDUCATIONAL TESTS AND MEASUREMENTS.** A study of the formation, standardization, and application of mental and educational tests and measurements with special reference to the use of these tests in public school systems. Actual practice is provided for training the student in the use of simple statistical procedure.

Credit, 2 hours each term. Education 213 prerequisite.  
Fall and winter terms. W., F. at 8:45. Jewell Hall.  
PROFESSOR ISLEY.

**329. EDUCATIONAL MEASUREMENTS.** The student will have an opportunity to develop actual acquaintance with standardized tests in his own and related fields. He will receive practice in the selection, administration, scoring, tabulation, and interpretation of results pertaining to educational tests.

Credit, 2 hours. Education 318 prerequisite.  
Spring term. W., F. at 8:45. Jewell Hall.  
PROFESSOR ISLEY.

**314. TECHNIQUE OF TEACHING IN HIGH SCHOOL.** An intensive study of the principles underlying the teaching process, an evaluation of the common and newer teaching procedures, and a consideration of the general factors in teaching as reviews, assignments, etc. Required by the state department of education.

Credit, 4 hours. Education 213 prerequisite.  
Fall term. T., W., Th., F. at 9:40. Jewell Hall.  
PROFESSOR ISLEY.

**315. PRINCIPLES OF SECONDARY EDUCATION.** This course seeks to discover and apply the fundamental and psychological principles upon which the organization and administration of the high school should be based. Required by the state department of education.

Credit, 4 hours. Education 314 prerequisite. Freshmen not admitted.  
Winter term. T., W., Th., F. at 9:40. Jewell Hall.  
PROFESSOR ISLEY.

**316. PUBLIC SCHOOL ADMINISTRATION.** Required of all Education majors. Attention will be given the national system of

education, state, county and district organization, financial problems, selection and direction of the teaching staff, the school board, etc.

Credit, 4 hours. Education 315 prerequisite. Freshmen not admitted.

Spring term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR ISLEY.

320, 320a. **EDUCATIONAL SOCIOLOGY.** This course is intended for students with little or no training in sociology. Its purpose will be to familiarize them with the significant contributions of modern sociology as well as with their bearing upon educational objectives and upon administration and organization of education.

Credit, 2 hours each term. Freshmen not admitted. Winter term is a continuation of fall term's work with education 320 as a prerequisite.

Fall and Winter terms. T., Th. at 11:00. Jewell Hall.

PROFESSOR ISLEY.

319. **EXTRA-CURRICULAR ACTIVITIES IN THE SECONDARY SCHOOL.** This course is designed to provide a general survey of the organization of the extra-curricular activities of the high school. Topics: School and class organization; school clubs; school publications; fraternities and sororities; student participation in school control.

Credit, 2 hours. Education 213 prerequisite. Freshmen not admitted.

Spring term. T., Th. at 11:00. Jewell Hall.

PROFESSOR ISLEY.

\*325. **HIGH SCHOOL ORGANIZATION AND ADMINISTRATION.** Considers problems in relation to provisions for individual differences, promotion, graduation, elimination, study halls, libraries, schedule making, home room, hand-book, blanks and forms, ability grouping, noon hour, length of periods, absences, attendance, marking systems, faculty meetings, transfer of pupils, the first day of school, the cafeteria, failure, care of building and equipment.

Credit, 4 hours.

Fall term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR ISLEY.

\*324. **SUPERVISION OF INSTRUCTION.** Considers problems involved in the selection, training and supervision of teachers. Attention will be given the improvement of teachers in service, rating

scales, supervision, visitation, promotion, uses of tests and measures in supervision, etc.

Credit, 4 hours.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR ISLEY.

### 323. OBSERVATION AND PRACTICE TEACHING.

Two weeks are devoted to a study of practice teaching plans and procedure; four weeks to observation of the work conducted in the classes in which practice work is to be done; four weeks to responsible conduct of class work. The last two weeks of the term are given to a study of special problems and to observation.

Credit, 4 hours. Education 314 prerequisite.

Fall or winter term. Will be planned for any student for the subject and hour which suits best so far as this can be done. Arrangements must be made with the head of the department of education.

PROFESSOR ISLEY.

\*Not offered in 1932-1933.

## ENGLISH

Courses in Journalism, Public Speaking, and Dramatics do not count toward a major. Any other nine courses form a major.

115. ENGLISH COMPOSITION. The essentials of prose composition and much writing. Daily written exercises are required. The spelling requirement imposed by the faculty is met in this class. Texts: Practice Handbook in English Composition—Harvey; Century Vocabulary Builder—Greever and Bachelor; What Can Literature Do for Me—Smith; How to Study in College—Headley; The Mind at Work—Lyman.

Credit, 4 hours. College entrance requirements prerequisite. Required of all freshmen.

Fall term. T., W., Th., F. at 8:45, 11:00, and 1:15. Jewell Hall.

PROFESSOR HARVEY.

116. COMPOSITION. The purpose of this course is to give training in methods, structure, and style of the forms of prose composition.

Credit, 4 hours. Course 115 prerequisite. Required of all freshmen.

Winter term. T., W., Th., F. at 8:45, 11:00, and 1:15. Jewell Hall.

PROFESSOR HARVEY.

117. COMPOSITION. Special study and practice in narration and description.

Credit, 4 hours. Courses 115 and 116 prerequisite. Required of all freshmen.

Spring term. T., W., Th., F. at 8:45, 11:00, and 1:15. Jewell Hall.

PROFESSOR HARVEY.

218. JOURNALISM. Gathering news. For members of the Student staff and reporters. Text: *Newspaper Writing and Editing*—Bleyer.

Credit, 2 hours. Courses 115, 116, 117 prerequisites.

Fall term. Hours, 3:05 twice a week, days to be arranged. Jewell Hall.

PROFESSOR HARVEY.

219. JOURNALISM. Problems of reporting. Analysis of news values and the problems of reporting. Discussion of fair play and accuracy. For members of the Student staff and its reporters.

Credit, 2 hours. Course 218 prerequisite.

Winter term. Hours, 3:05 twice a week, days to be arranged. Jewell Hall.

PROFESSOR HARVEY.

220. JOURNALISM. The Newspaper. Reading copy and rewriting. Fundamentals of newspaper organization. For the members of the Student staff and its reporters.

Credit, 2 hours. Course 219 prerequisite.

Spring term. Hours, 3:05 twice a week, days to be arranged. Jewell Hall.

PROFESSOR HARVEY.

221. PUBLIC SPEAKING. Forum plan to be used, with emphasis on extemporaneous speaking.

Credit, 2 hours. Courses 115 and 116 prerequisites.

Fall term. Hours, 2:10 twice a week, days to be arranged. Jewell Hall.

MR. EWING.

222. PUBLIC SPEAKING. Forum plan to be used, with emphasis on argumentation and debate.

Credit, 2 hours. Courses 115 and 116 prerequisites.

Winter term. Hours, 2:10 twice a week, days to be arranged.

Jewell Hall.

MR. EWING.

**223. PUBLIC SPEAKING.** Forum plan to be used, with emphasis on oratory and interpretation.

Credit, 2 hours. Courses 115 and 116 prerequisites.

Spring term. Hours, 2:10, twice a week, days to be arranged.

Jewell Hall.

MR. EWING.

**230. SURVEY OF WORLD LITERATURE.**

Credit, 4 hours. For sophomores. 115, 116, 117 prerequisites.

Fall term. T., W., Th., F. at 8:45 and 9:40. Jewell Hall.

MISS RICE.

**231. SURVEY OF ENGLISH LITERATURE.**

Credit, 4 hours. For sophomores. English 115, 116, 117 prerequisites.

Winter term. T., W., Th., F. at 8:45 and 9:40. Jewell Hall.

MR. EWING AND MISS RICE.

**232. SHAKESPEARE AS A DRAMATIST.**

Credit, 4 hours. For sophomores. English 115, 116, 117 prerequisites.

Spring term. T., W., Th., F. at 8:45 and 9:40. Jewell Hall.

MR. EWING AND MISS RICE.

**308. MODERN PROSE.**

Credit, 4 hours. English 230 and 231 prerequisites. For Juniors.

Fall term. T., W., Th., F. at 7:50. Jewell Hall.

MR. EWING.

**309. MODERN DRAMA.**

Credit, 4 hours. English 230 and 231 prerequisites. For Juniors.

Winter term. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR FRUIT AND MISS RICE.

**310. MODERN POETRY.**

Credit, 4 hours. English 230 and 231 prerequisites. For Juniors.

Spring term. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR FRUIT AND MISS RICE.

**312. LITERATURE OF THE VICTORIAN ERA.**

Credit, 4 hours. English 231 and 232 prerequisites. For seniors.

Fall term. T., W., Th., F. at 7:50. Jewell Hall.  
PROFESSOR FRUIT AND MR. EWING.

**313. MODERN ENGLISH NOVEL.**

Credit, 4 hours. English 231 and 232 prerequisites. For seniors.  
Winter term. T., W., T., F. at 7:50. Jewell Hall.  
PROFESSOR FRUIT AND MR. EWING.

**314. ESTHETICS AND CRITICISM.**

Credit, 4 hours. General Psychology prerequisite. For seniors.  
Spring term. T., W., Th., F. at 7:50. Jewell Hall.  
PROFESSOR FRUIT.

**315. AMERICAN LITERATURE.**

Credit, 4 hours. English 230 and 231 prerequisites.  
Spring term. T., W., Th., F. at 7:50. Jewell Hall.  
Mr. EWING.

## DRAMATICS

**238. PROBLEMS OF THE ACTOR.** The study of major and minor problems of the amateur actor, emphasizing characterization, pantomime, and make-up. Text: Acting—Crafton and Royer.

\*Credit, 2 hours.

Fall term. T., Th. at 4:00. Chapel.  
Miss RICE.

**239. READING AND DRAMATIZING PLAYS.** The study of modern drama from the standpoint of the actor. Reviewing of modern plays in class.

\*Credit, 2 hours.

Winter term. T., Th. at 4:00. Chapel.  
Miss RICE.

**240. THE ART OF PLAY PRODUCTION.** One act plays studied and acted from the point of view of direction and stage-craft.

Credit, 2 hours.

Spring term. T., Th. at 4:00. Chapel.  
Miss RICE.

\*Note—

(a) The class membership is limited to twenty (20) selected from

upper classmen at the beginning of the school year.

- (b) One production is scheduled for each term.
- (c) Each student who contemplates taking the course should have two hours (besides the two hours for class work) available for practice, which time will be considered as laboratory periods.

## ENGINEERING DRAWING

Engineering Drawing 101a to 206 are required for entrance to most engineering schools.

**101a. ELEMENTS OF ENGINEERING DRAWING.** Use of instruments, freehand lettering, geometrical figures, and orthographic projection. Text: Engineering Drawing—French.

Credit, 2 hours. Elective.

Fall term (also repeated winter and spring terms). M., W. or T., Th. at 2:10. Four hours per week. Marston Hall.

Mr. VANTRUMP.

**102a. PROJECTIONS AND DIMENSIONING.** Isometric oblique and cabinet projections, emphasis on dimensioning, development of surfaces and intersections for sheet metal work. Text: Engineering Drawing—French.

Credit, 2 hours. Drawing 101a prerequisite.

Fall term (also repeated winter and spring terms). M., W. or T., Th. at 2:10. Four hours per week. Marston Hall.

Mr. VANTRUMP.

**103a. APPLICATIONS OF DRAWING.** Working drawings, sketches, tracings, printing, bolts, threads, piping, etc.

Credit, 2 hours. Drawing 102a prerequisite.

Fall term (also repeated winter and spring terms). M., W. or T., Th. at 2:10. Four hours per week. Marston Hall.

Mr. VANTRUMP.

**204. DESCRIPTIVE GEOMETRY.** Point, line, and plane.

Credit, 4 hours. Upon presentation of plates showing satisfactory completion of the equivalent of courses 101a, 102a, 103a a student may be enrolled in this course.

Fall term. M., T., W., Th. at 2:10. Two lectures and four hours drawing per week. Marston Hall.

Mr. VANTRUMP.

205. DESCRIPTIVE GEOMETRY. Continuation of 204.

Credit, 4 hours.

Winter term. M., T., W., Th. at 2:10. Two lectures per week and four hours drawing. Marston Hall.

MR. VANTRUMP.

206. DESCRIPTIVE GEOMETRY. Oblique and parallel perspective. Elements of structural drawing. Shades and shadows.

Credit, 2 hours.

Spring term. M., T. or W., Th. at 2:10. Four hours per week. Marston Hall.

MR. VANTRUMP.

## GEOLOGY

301, 302. GEOLOGY. An elementary course on minerals and rocks is offered in the winter and spring terms, including physical and structural geology preparing for subsequent study of historical geology. Text: Scott or Miller—Physical Geology.

Credit, 2 hours each term. Open to juniors and seniors. Prerequisite, one year of College Physics or Chemistry.

Winter and spring terms. T., Th. at 11:00. Marston Hall.

PROFESSOR WEIDA.

## GREEK

Courses 101, 102, 103, 221, 222, 223 form a minor. Nine terms of Greek form a major.

101, 102, 103. ELEMENTARY GREEK.

Credit, 4 hours each term.

Fall, winter, and spring terms. T., W., Th., F. at 11:00. Jewell Hall.

PROFESSOR DERWACTER.

221. XENOPHON: ANABASIS. The purpose of the course is to strengthen the student's knowledge of form and syntax, and to increase his facility in the reading of easy Greek. A thorough study of Goodwin's Greek Grammar is made in courses 221, 222, 223.

Credit, 4 hours. Greek 103 prerequisite.

Fall term. M., T., W., Th. at 2:10. Jewell Hall.

PROFESSOR DERWACTER.

222. HERODOTUS: SELECTIONS. Herodotus is studied both as a story teller and an historian. Many of his most interesting

stories are read.

Credit, 4 hours. Greek 221 prerequisite.

Winter term. M., T., W., Th. at 2:10. Jewell Hall.

PROFESSOR DERWACTER.

**223. HOMER: ILIAD.**

Credit, 4 hours. Greek 222 prerequisite.

Spring term. M., T., W., Th. at 2:10. Jewell Hall.

PROFESSOR DERWACTER.

311a, 312a, 313a. **NEW TESTAMENT GREEK.** In these courses the student is made familiar with the main differences between the classical Greek and the Koine Greek in which the New Testament was written. The student is introduced to the various types of literature and of style represented by the different writers. (Identical with Bible 311a, 312a, 313a.)

Credit, 4 hours each term. Greek 223 (two years of Greek) prerequisite.

Fall, winter, and spring terms. Given in 1932-33. Jewell Hall.

PROFESSOR DERWACTER.

**324. PLATO: APOLOGY AND CRITO.**

Credit, 4 hours. Greek 223 (two years of Greek) prerequisite.

Fall term. T., W., Th., Fri. at 9:40. Jewell Hall.

PROFESSOR DERWACTER.

**325. EURIPIDES: SELECTED PLAYS.**

Credit, 4 hours. Greek 324 prerequisite.

Winter term. Jewell Hall.

PROFESSOR DERWACTER.

**326. SOPHOCLES: ANTIGONE.**

Credit, 4 hours. Greek 325 prerequisite.

Spring term. Jewell Hall.

PROFESSOR DERWACTER.

**329. SEPTUAGINT.** A course in Greek Old Testament as a background for the study of the New Testament.

Credit, 4 hours. Greek 223 (two years of Greek) prerequisite.

Winter term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR DERWACTER.

**330. GREEK PAPYRI.** A study of some of the letters unearthed in Egypt, written in the vernacular of the New Testament period.

Credit, 4 hours. Greek 223(two years of Greek) prerequisite.  
Spring term. T., W., Th., F. at 9:40. Jewell Hall.  
PROFESSOR DERWACTER.

\*Will be given on sufficient demand.

NOTE—Courses 324, 329, 330 are given in alternation with New Testament Greek (Bible 311a, 312a, 313a). Courses 324, 329, 330 will not be given in 1932-33.

## HISTORY

### GENERAL REMARKS

It is important that students take history courses in sequence.

The Freshman should enter course 101, and continue on throughout the year in Freshman History.

History 101, 102, and 103, or their equivalent, are prerequisite to all further historical study, and should be taken in the freshman year. Juniors and Seniors will not be admitted to these courses.

### MAJORS AND MINORS

Students who major in the field of History will be required to take courses 101, 102, 103, 301, 302, 303, with an additional three courses to be selected from courses 201, 202, 203r, 204, 205, 206, 207, 208, 209, 307, 308, 309, 310, 311, and 312.

The cognate minor for the History major, shall consist of one year of Political Science and one year of either Sociology or Economics.

The language requirement for the major in the field of History shall be either French or German for all students who enroll after the Spring term, 1932.

### COURSES OF INSTRUCTION

101. ORIGINS OF EUROPEAN CIVILIZATION. A survey of the development of European civilization from the break up of the Roman Empire to the discovery of America (500 to 1500). For freshmen.

Credit, 4 hours. Prerequisite to further study of History.  
Fall term. T., W., Th., F. at 7:50. Jewell Hall.  
ASSISTANT PROFESSOR PUGH.

**102r. FOUNDATIONS OF MODERN EUROPE.** A survey of the development of European civilization from the discovery of America to the Congress of Vienna (1500 to 1815). For freshmen.

Credit, 4 hours. Prerequisite, History 101.

Winter term. T., W., Th., F. at 7:50. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

**103. MODERN EUROPE.** A survey of the development of European civilization from the Congress of Vienna to the present (1815 to the present). For freshmen.

Credit, 4 hours. Prerequisite, History 101, 102r.

Spring term. T., W., Th., F. at 7:50. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

**201. THE RENAISSANCE AND THE REFORMATION.** A course dealing with the Renaissance movement in western Europe and a study of the religious changes during the 16th and 17th centuries. Special emphasis given to the cultural, social, and political history of the period. The various religious reforms in Germany, Switzerland, and England will be studied. For sophomores.

Credit, 4 hours. Prerequisite, History 103.

Fall term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

**202. THE FRENCH REVOLUTION AND NAPOLEONIC ERA.** The causes leading up to the French Revolution of 1789 and an intensive study of the conflict between the old and the new regime which resulted in the triumph of revolutionary ideas. The course continues with a study of the Napoleonic wars with the final settlement in the Congress of Vienna in 1815. For sophomores.

Credit, 4 hours. Prerequisite, History 103.

Winter term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

**203r. EUROPE SINCE 1914.** A study involving the causes of the World War, the principal events of the World War, the Treaty of Versailles, and the reconstruction of Europe. Special attention will be given to an analysis and evaluation of the social forces operative in Europe since the World War. For sophomores.

Credit, 4 hours. History 201 and 202 prerequisites for students majoring in History. History 103 prerequisite for others.

Spring term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

204. RECENT FRENCH. A course dealing with the reconstruction of France after 1870, the organization and final establishment of the Third Republic, and her relations with other countries to 1914.

Alternates with History 201. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Fall term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

205. THE GERMAN EMPIRE. A study of the political, social, economic, intellectual, and religious development of Germany between 1870 and 1914, and the relation of the Empire to other countries.

Alternates with History 202. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Winter term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

206. RUSSO-ITALIAN. A study of the social, political, economic and intellectual development of Russia under the Czars, with a more detailed examination of the social forces operative in the life of Russia since 1917. The latter half of the term will be given to a brief study of the rise of Italy to a world power, with emphasis upon her foreign relations.

Alternates with History 203. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Spring term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

207. THE NEAR EAST. A study of Southeastern Europe and the Levant from the founding of Constantinople in 330 A. D. to the present, with emphasis upon their relation to world politics.

Alternates with History 201. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Fall term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

208. THE FAR EAST. A survey course dealing with the development of China, Japan, and India, and the relations of these three to world affairs.

Alternates with History 202. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Winter term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

209. **LATIN AMERICA.** A study of the formation of the republics of South and Central America, and their subsequent history. Special emphasis will be given to the relation of these Republics to the United States.

Alternates with History 203. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Spring term. T., W., Th., F. at 11:00. Jewell Hall.

ASSISTANT PROFESSOR PUGH.

301. **EARLY AMERICAN.** This course deals with the development of the national life from the adoption of the constitution to the Civil War.

Credit, 4 hours. Prerequisite, History 103.

Winter term. T., W., Th., F. at 11:00. Jewell Hall.

PROFESSOR SMITH.

302. **RECENT AMERICAN.** A survey of the development of the social, economic, political, and religious life of America since the Civil War.

Credit, 4 hours. Prerequisite, History 221.

Spring term. T., W., Th., F. at 11:00. Jewell Hall.

PROFESSOR SMITH.

303. **AMERICAN FOREIGN RELATIONS.** A study of the relations of America with other countries, the nature of these diplomatic problems, and an evaluation of America's international ethics in the adjustment of international problems.

Credit, 4 hours. Prerequisite, History 301 and 302.

Spring term. T., W., Th., F. at 11:00. Jewell Hall.

PROFESSOR SMITH.

231b. **HISTORY OF THE CHURCH.** A rapid review of the first Christian Century and the development of the Church through the Reformation. Text: *The History of the Christian Church*—Fisher, Library References.

Credit, 4 hours. One course of college history prerequisite.

Fall term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR HESTER.

232b. **HISTORY OF THE CHURCH.** Christianity after the Reformation. A rapid survey of Christianity in America. Texts: *The History of the Christian Church*—Fisher, *History of American Christianity*—Bacon, Library References.

Credit, 4 hours. One course of college history prerequisite.

Winter term. T., W., Th., F. at 8:45. Jewell Hall.  
PROFESSOR HESTER.

302e. EUROPEAN ECONOMIC HISTORY. The backgrounds and development of modern economic institutions as these have developed in western Europe.

Alternates with Economics 305. Given in 1931-32.  
Credit, 4 hours. Prerequisite, Economics 202.  
Winter term. T., W., Th., F. at 8:45. Jewell Hall.  
PROFESSOR PUGH.

302p. HISTORY OF PHILOSOPHY. Text: Rogers—Students' History of Philosophy.

Credit, 4 hours. Education 211, prerequisite.  
Winter term. M., T., W., Th., F. at 1:15. Jewell Hall.  
PROFESSOR FRUIT.

303e. AMERICAN ECONOMIC HISTORY. The settlement and growth of the United States with special reference to the economic aspects of that development.

Alternates with Economics 306. Given in 1931-32.  
Credit, 4 hours. Prerequisite, Economics 202.  
Spring term. T., W., Th., F. at 8:45. Jewell Hall.  
PROFESSOR PUGH.

307. TUDOR AND STUART ENGLAND. An intensive study of the beginnings of modern England. Special attention will be given to the economic, religious, social, political, and intellectual forces which were transforming the feudal society into national England.

Alternates with History 310. Not given in 1932-33.  
Credit, 4 hours. Prerequisite, History 103.  
Fall term. T., W., Th., F. at 1:15. Jewell Hall.  
PROFESSOR SMITH.

308. MODERN BRITAIN. Great Britain has shown rare leadership among the nations of the world in the solution of industrial, social, political, and economic problems. The British history of these problems is presented in this course.

Alternates with History 311. Not given in 1932-33.  
Credit, 4 hours. Prerequisite, History 103.  
Winter term. T., W., Th., F. at 1:15. Jewell Hall.  
PROFESSOR SMITH.

**309. THE BRITISH EMPIRE.** A study of the development of the British Commonwealth of Nations. Special attention will be given to constitutional government and relations of Canada, Australia, Ireland, S. Africa, and India as units of the Empire.

Alternates with History 312. Not given in 1932-33.

Credit, 4 hours. Prerequisite, History 103.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR SMITH.

**313. HISTORY OF ETHICS.** Present day code of ethics have their origins in the experiences of the race. This course deals with the origins of these thought forms and their practical application to the life of their time, from the Greek civilization to the present.

Admission by permission of the Department Head.

Credit, 4 hours.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR SMITH.

**310. ANCIENT CIVILIZATION.** The civilizations of Greece and Rome will be studied against the background of previous civilizations. Emphasis will be given to the achievements of Greece and Rome in the field of art, government, religion, etc.

Credit, 4 hours. Prerequisite, History 201.

Fall term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR SMITH.

**311. HISTORICAL SUMMARY.** The purpose of this course is to give perspective and summary interpretation to the whole process of civilization to the student whose major interest is in the field of History.

Admission by permission of Department Head.

Credit, 4 hours.

Winter term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR SMITH.

**312. AMERICA SINCE 1914.** An examination of the causes of the World War, the part America played in it, and the social economic, political, religious, and intellectual adjustment which followed the war.

Credit, 4 hours. Prerequisite, History 302.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR SMITH.

321-Ed. **HISTORY OF EDUCATION.** A brief study of the systems of Greece and Rome and of the development of the school during the middle ages. Special emphasis will be given to the development of the educational systems of modern European nations and the United States.

Credit, 4 hours. Freshmen not admitted.

Winter term. T., W., Th., F. at 11:00. Jewell Hall.

PROFESSOR SULLIVAN.

### HONORS COURSE

401. **RESEARCH SEMINAR.** The purpose of this course is to stimulate and guide majors in the History Department in the method and achievement of independent research. Subject to be determined by the interest of the student. Results of the research to be produced in thesis form. Limited to three students, selected by department head, approved by the curriculum committee.

Credit, 2 hours.

Fall term. Meetings on conference basis. Time to be arranged.  
PROFESSOR SMITH.

402. **RESEARCH SEMINAR.** Continuation of History 401.

Winter term.

Credit, 2 hours.

403. **RESEARCH SEMINAR.** Continuation of History 402.

Spring term.

Credit, 2 hours.

### LATIN

Courses 107, 108, 109, 201, 202, 203 and three additional terms of four hours each, for which 203 is a prerequisite, form a major. Six consecutive terms of college Latin form a minor.

101, 102, 103. **BEGINNING LATIN AND CAESAR.** This course is open for credit to those who offer less than two units of Latin for entrance. Not open to seniors, except by permission.

Credit, 4 hours each term.

Fall, winter, and spring terms. M., T., W., Th. at 1:15. Jewell Hall.

PROFESSOR MOON.

104, 105, 106. **CAESAR AND CICERO'S ORATIONS.** Latin Composition will be given one day a week. Emphasis will be placed on word derivation. Some study will be made of Roman political institutions. This course is designed primarily for students who offer only two entrance units of Latin.

Credit, 4 hours each term. Two entrance units in Latin prerequisite.

Fall, winter, and spring terms. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR DERWACTER.

107, 108, 109. **OVID AND VERGIL'S AENEID.** Emphasis will be placed on the cultural aspect of the two poets.

Credit, 4 hours each term. Three entrance units in Latin prerequisite.

Fall, winter, and spring terms. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR MOON.

201. **CICERO: DE AMICITIA, DE SENECTUTE.** The De Amicitia will be read carefully and the De Senectute more rapidly.

Credit, 4 hours. Four entrance units in Latin prerequisite.

Fall term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR MOON.

202. **PLINY: SELECTED LETTERS.** In this course some study will be made of Roman Life in the Silver Age. The epistolary type of literature also will be studied.

Credit, 4 hours. Four entrance units in Latin prerequisite.

Winter term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR MOON.

203. **SELECTIONS FROM LATIN AUTHORS.** In this course are included the best of the shorter poems in Latin literature, and selections from various prose writers.

Credit, 4 hours. Four entrance units in Latin prerequisite.

Spring term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR MOON.

\*304. **HORACE: ODES.** Translation and interpretation of the Odes, and careful study of the metrical systems.

Credit, 4 hours. Latin 203 prerequisite.

Fall term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*305. **CICERO: PHILOSOPHICAL WORKS.** The Tusculan Disputations will serve as a basis for study.

Credit, 4 hours. Latin 203 prerequisite.

Winter term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*306. **LUCRETIUS: DE RERUM NATURA.** Critical study of Epicureanism as expounded by Lucretius.

Credit, 4 hours. Latin 203 prerequisite.

Spring term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*307. **TACITUS: GERMANIA AND AGRICOLA.** Study of Tacitus' sources for the Germania, and the character of ancient biography.

Credit, 4 hours. Latin 203 prerequisite.

Fall term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*308. **LATIN COMPOSITION.**

Credit, 4 hours. Latin 203 prerequisite.

Winter term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*309. **JUVENAL.** The origin and development of Roman satire. Study of social life at Rome in the first century, A. D.

Credit, 4 hours. Latin 203 prerequisite.

Spring term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*310. **SENECA'S EPISTLES.** Study of Greek and Roman philosophy, and the influence of Seneca on later literature.

Credit, 4 hours. Latin 203 prerequisite.

Fall term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*311. **ROMAN COMEDY.** Origin and development of Roman comedy. Not less than two plays of Terence or Plautus will be studied.

Credit, 4 hours. Latin 203 prerequisite.

Winter term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*312. 'ROMAN ELEGY. Selections from Tibullus and Propertius. Attention to contents, metre, and stylistic features.

Credit, 4 hours. Latin 203 prerequisite.

Spring term. M., T., W., Th. at 3:05. Jewell Hall.

PROFESSOR MOON.

\*Given according to demand.

## MATHEMATICS AND ASTRONOMY

### GENERAL REMARKS

The mathematics department is desirous of extending its greatest assistance to students interested in that phase of education. To that end the following suggestions are made. The department of mathematics of William Jewell College serves the interests of five different types of students: (1) those interested in mathematics, who, after graduating from a four-year academic course in college, expect to enter some higher institution of learning to specialize in that field and its application; (2) those desiring to become teachers of mathematics in secondary schools; (3) those interested in one or more of the many branches of engineering; (4) those interested in mathematics because of its applications to the sciences less closely related to mathematics than engineering; and (5) those interested in a general knowledge of the subject because of its disciplinary value, eternal truths, and general application to civilization.

Students whose major interests are included in 1, 2, or 3, as listed above, should consult with the heads of the Mathematics and Physics Departments. Students whose interests are included in number 4 will do well to consult the head of the department of the science in which they are most interested. For students whose interests are included in number 5, the course in mathematics numbers 101, 102, and 103 is being offered.

### MAJOR AND MINOR

Courses numbers 111a, 111b, 115a, 115b, 117, 222, 225, 226, 334, and 336 are required for a major in mathematics. The first eight of these courses are required for a minor in mathematics. With special permission of head of department, courses 101, 102, and 103 may be substituted for courses 111a, 111b, 115a, 115b, and 117.

## NOTES CONCERNING COURSES

Course in mathematics numbers 101, 102, and 103 is intended for those students who are interested in only one year of mathematics. The primary aim of this course as differentiated from the other freshman course is that it seeks to give the one-year student of mathematics a working knowledge of the fundamentals through elementary calculus and an insight into the range of their applications rather than a comprehensive knowledge of the theoretical and applied mathematics through plane analytic geometry. A student having had this course may continue in second year mathematics but it will be more difficult for him than if he had had the course in mathematics numbers 111a, 111b, 115a, 115b, and 117.

Solid geometry may not be substituted for a required course in either a major or minor in mathematics. This course should be taken by all who have not had it in high school and expect to take more than one year of mathematics.

For special methods of teaching secondary school mathematics, see secondary education in summer school catalog. This course should be taken by all prospective teachers of mathematics.

## COURSES OF INSTRUCTION

**101. GENERAL MATHEMATICS.** The following topics will be studied: functions and graphs, trigonometric functions, exponents, logarithms, reduction formulas, line value, laws of sine, cosine, and tangent, solution of right and oblique triangles, straight line formulas, quadratic functions, etc. Text: Currier and Watson, General Mathematics.

Credit, 5 hours. One unit each of algebra and plane geometry prerequisites. For freshmen.

Fall term. M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DENTON.

**102. GENERAL MATHEMATICS.** A continuation of mathematics number 101 and linear equations, determinants, theory of equations, differentiation of elementary algebraic functions, integration, definite integrals, trigonometric functions (of a single angle, of multiple angles, graphical representation of, identities), polar co-ordinates, etc.

Credit, 5 hours. Mathematics 101 prerequisite.

Winter term. M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DENTON.

**103. GENERAL MATHEMATICS.** A continuation of mathematics number 102 and progressions, series, interest formulas, mathematical induction, binomial theorem, exponential functions, conic sections, transformation of co-ordinates, direction cosine, loci in space, surfaces of revolution, application of definite integrals, permutations, combinations, probability, theory of measurements (averages, central tendency, relationships), complex numbers, etc.

Credit, 5 hours. Mathematics 102 prerequisite.

Spring term. M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DENTON.

**110. SOLID GEOMETRY.** An introduction to space relationships. Topics studied are: planes, dihedral, trihedral, and polyhedral angles, prisms, pyramids, cylinders, cones, spheres, etc. Recommended for students who did not have solid geometry in high school and expect to continue mathematics beyond the freshman year in college. Text: Smith, *Essentials of Solid Geometry*.

Credit, 3 hours. One unit each of algebra and plane geometry prerequisites. For freshmen.

Winter term. M., W., F. at 7:50. Marston Hall.

MR. VANTRUMP.

**111a, 111b. COLLEGE ALGEBRA.** A rapid review of the fundamentals of high school algebra and linear equations, quadratic equations, determinants, inequalities, progressions, logarithms, mathematical induction, binomial theorem, theory of equations, complex numbers, mathematics of finance, partial fractions, permutations, combinations, probabilities, series, etc. (Corresponds to mathematics 12 and 14 of the 1928-29 catalog). Text: Harts, *College Algebra*.

Credit, 3 hours each term. One unit each of algebra and plane geometry prerequisites. For freshmen.

Fall and winter terms. M., W., F. at 8:45. Marston Hall.

MR. VANTRUMP.

**115a, 115b. PLANE TRIGONOMETRY.** Topics considered are: objects of trigonometry, functions of an acute angle, logarithms, use of tables, solutions of right triangles, reduction formulas, line value, radian measure, graphical representation, functions of a single angle, identities, inverse functions, trigonometric equations, law of sine, cosine, and tangent, solution of oblique triangles, functions of multiple angles, identities, etc. (Corresponds to mathematics 13 of the 1928-29 catalog). Text: Shibli, *Plane and Spherical Trigonometry*.

Credit, 2 hours each term. One unit each of algebra and plane geometry prerequisite. For freshmen.

Fall and winter terms. T., Th. at 8:45. Marston Hall.  
MR. VANTRUMP.

**117. PLANE ANALYTIC GEOMETRY.** Topics studied are: fundamental notions, equations and their graphs, the straight line, circle, parabola, ellipse, hyperbola, properties of conic sections, transformation of co-ordinates, polar co-ordinates, higher plane curves, elements of curve fitting, etc. (Corresponds to mathematics 24 of the 1928-29 catalog). Text: Harding and Mullins, Analytic Geometry.

Credit, 5 hours. Mathematics 111b and 115b prerequisites.  
Spring term. M., T., W., Th., F. at 8:45. Marston Hall.  
MR. VAN TRUMP.

**221. SPHERICAL TRIGONOMETRY.**

This course is intended for students interested in higher mathematics, surveying, and astronomy. It treats of polar triangles, right spherical triangles, oblique spherical triangles, complex numbers, De-Moivre's theorem, hyperbolic functions, etc. Text: Shibli, Plane and Spherical Trigonometry (pages 159 to 206).

Credit, 2 hours. Mathematics 115b prerequisite.  
Winter term. T., Th. at 9:40. Marston Hall.  
PROFESSOR DENTON.

**222. ANALYTIC GEOMETRY OF SPACE.** This course treats of planes and lines in space, transformation of co-ordinates, types of surfaces, the sphere, the ellipsoid, the hyperboloid of one and two sheets, the elliptic and hyperbolic paraboloids, quadric cones and cylinders, classification of quadratic surfaces, some properties of quadratic surfaces, etc. Text: Snyder and Sisam, Analytic Geometry of Space (pages 1 to 108).

Credit, 3 hours. Mathematics 117 prerequisite.  
Winter term. M., W., F. at 9:40. Marston Hall.  
PROFESSOR DENTON.

**225. THE CALCULUS.** The following topics will be studied: general principles of differentiation, differentiation of algebraic, trigonometric, inverse trigonometric, logarithmic, and exponential functions, higher derivatives, differentials, maxima and minima and their applications, curvature, radius of curvature, theorem of mean value, indeterminate forms, integration, applications of integration, etc. Text: Lennis, Differential and Integral Calculus.

Credit, 5 hours. Mathematics 117 prerequisite.

Fall term. M., T., W., Th., F. at 9:40. Marston Hall.

PROFESSOR DENTON.

**226. THE CALCULUS.** A continuation of mathematics number 225 and constants of integration, the definite integral, integration a process of summation, integration by various devices, centroids, fluid pressure, other applications, series, expansion of functions, partial differentiation, applications, multiple integrals, moment of inertia, etc.

Credit, 5 hours. Mathematics 225 prerequisite.

Spring term. M., T., W., Th., F. at 9:40. Marston Hall.

PROFESSOR DENTON.

**331. ANALYTIC MECHANICS.** (Statics). This course will include fundamental laws, conceptions, and definitions, resultants of force systems (parallel and non-parallel, concurrent and non-concurrent, in planes and in space), equilibrium of force systems, couples, trusses, cranes, cables, friction, centroids, moment of inertia, etc. (Corresponds to mathematics 29 of the 1928-29 catalogue). Text: Seely and Ensign, Analytic Mechanics for Engineers.

Credit, 5 hours. Mathematics 226 prerequisite.

Winter term. M., T., W., Th., F. at 7:50. Marston Hall.

PROFESSOR DENTON.

**332. ANALYTIC MECHANICS.** (Dynamics). A continuation of mathematics 331 and motion of particles, velocity and acceleration (linear and angular), force, mass, moments, translation, rotation, plane motion, relative motion, work, energy, impulse, momentum, etc. (Corresponds to mathematics 28 of the 1928-29 catalogue.)

Credit, 5 hours. Mathematics 331 prerequisite.

Spring term. M., T., W., Th., F. at 7:50. Marston Hall.

PROFESSOR DENTON.

**\*334. DIFFERENTIAL EQUATIONS.** Differential equations of the first order and first degree and first order and higher degrees, singular solutions, linear equations with constant and variable coefficients, exact differential equations, integration in series, equations of the second order, ordinary differential equations of more than two variables, applications of the above principles to geometry, mechanics, and physics. (Corresponds to mathematics 27 of the 1928-29 catalogue.) Text: Murray, Differential Equations.

Credit, 5 hours. Mathematics 226 prerequisite.  
Fall term. M., T., W., Th., F. at 7:50. Marston Hall.  
PROFESSOR DENTON.

**336. THEORY OF EQUATIONS.** An introductory course. This course will include: elementary properties of equations, complex numbers, the fundamental theorem, elementary transformation of equations, location of roots of equations, Horner's method, algebraic solution of the cubic and the quartic, solution of binomial equations, reciprocal equations, determinants, symmetric functions, elimination, resultants, etc.

Credit, 5 hours. Mathematics 226 prerequisite.  
Fall term. M., T., W., Th., F. at 7:50. Marston Hall.  
PROFESSOR DENTON.

**\*338. SELECTED TOPICS FROM HIGHER MATHEMATICS.** A course in advanced calculus covering the following topics: general methods of integration, reduction formulas, double integrals, applications, triple integrals, partial differentiation, applications to geometry of space, Taylor's theorem, maxima and minima, Lagrange's multipliers, envelopes, etc. Text: Osgood, Advanced Calculus.

Credit, 5 hours. Mathematics 226 prerequisite.  
Winter term. M., T., W., Th., F. at Marston Hall.  
PROFESSOR DENTON.

**\*339. SELECTED TOPICS FROM HIGHER MATHEMATICS.** A continuation of mathematics 338 and elliptic functions, indeterminate forms, line integrals, Green's theorem, flow of heat, transformation of multiple integrals, vector analysis, Fourier's series, etc.

Credit, 5 hours. Mathematics 338 prerequisite.  
Spring term. M., T., W., Th., F. at 7:50. Marston Hall.  
PROFESSOR DENTON.

**121, 122, 123. DESCRIPTIVE ASTRONOMY.** A study of astronomical terms, planets, stars, sun, nebulae, comets, satellites, telescopes, spectroscopy, paths of heavenly bodies, etc. Text: Duncan, Astronomy.

Credit, 2 hours each term.  
Fall, winter, and spring terms. T., Th. at 9:40. Marston Hall.  
MR. VAN TRUMP.

\*Not given in 1932-33.

## DEPARTMENTS OF MODERN LANGUAGES

## GENERAL REMARKS

In the early stages of the study of the languages taught in the Departments, the student is made to learn the correct and standard pronunciation by means of the international phonetic symbols of sounds in such a way, that he not only learns to pronounce the French and German, but by constant comparisons of the sounds of these languages with those of English, he is enabled to appreciate a more correct pronunciation of his own native tongue.

By constant drill, the student learns the written and the spoken language; and by the middle of the second year of his studies, he is able to read and converse fairly well in the language studied.

Towards the end of the third year, the student surveys the entire field of the literature of the language he studies and gets acquainted with all its outstanding epochs, with the great master-minds and their dominating characteristics.

Having surveyed the field, the student then reads selections from the classics and from the romanticists of the respective literature under consideration.

During the reading of these selections the student is made to observe the essential difference between the view of life as portrayed in the literature studied as compared with the view portrayed in the English literature. In this respect, the student may rest assured that—as some Americans authors have expressed it—no literature has been so productive or so continuous as that of France, for instance, and certainly none so rich in criticism, in reflections on the manner of life.

As a final word we wish to say that the Departments aim and endeavor to attain a high standard of scholarship and a high degree of co-ordination with all the other departments of William Jewell College by fostering the powers of accurate observation and rational comparison, by inculcating a finer taste for correct and agreeable speech sounds, thus strengthening in the student the analytical, the synthetical, and the artistic; the philosophical, the scientific, and the esthetic faculties of the mind.

**FRENCH**

The following courses form a major in French; the first six form a minor.

**101, 102, 103. ELEMENTARY FRENCH.** (Beginner's French). Rudiments of grammar: pronunciation, with special emphasis on the international phonetic symbols; inflection, the elementary laws of syntax and their application. Translations of selections from modern prose writers, with constant reference to morphology and idiom. Drill in regular verbs and the more common irregular verbs.

Credit, 4 hours each term.

Fall, winter, and spring terms. T., W., Th., F. at 11:00 and M., T., W., Th. at 1:15. Jewell Hall.

PROFESSOR BILA AND MR. CHRISMAN.

**204, 205, 206. INTERMEDIATE COURSE.** (Second year French). The reading of a comparatively large amount of not too difficult French chosen from modern short stories and plays. Such works as Daudet's short stories, the plays of Labiche, selections from De Maupassant, About, Loti, and others. Conversation and summaries in French. Review of grammar. Stress is laid on understanding the French without translation. It is the aim of this course to give a reasonable facility in the rapid reading of everyday French and a feeling for the spoken language together with the ability to write simple French with correctness.

Credit, 4 hours each term. French 101, 102, 103 or its equivalent of two years of high school French prerequisites.

Fall, winter, and spring terms. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR BILA AND MR. CHRISMAN.

**307, 308, 309. INTRODUCTION TO FRENCH CLASSICS.** (Third year French). In these courses time is divided between the reading of plays by Moliere, Racine, and Corneille and those of the romanticists such as Hugo, De Musset, and others. About 1,400 pages of text are read.

This course alternates with 310, 311, 312; 307, 308, 309 were given 1931-32.

Credit, 4 hours each term. French 204, 205, 206, or its equivalent prerequisites.

Fall, winter, and spring terms. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR BILA.

310, 311, 312. **AN OUTLINE STUDY OF THE HISTORY OF FRENCH LITERATURE.** (Survey course.) A general survey of French literature from the beginning to 1900, with illustrative readings. Earnestly recommended to those who expect to major in French and wish to prepare for work on the M. A. degree in that subject. This course presupposes a good reading knowledge of French and the ability to follow the spoken language as well as to express oneself with reasonable ease in speaking and writing. Students who intend to take four years of French are advised to take this course before 307, 308, 309 if possible.

This course alternates with 307, 308, 309; 307, 308, 309 were given in 1931-32.

Credit, 4 hours each term. Open to juniors, seniors, and possibly sophomores who have completed the intermediate, or second year French.

Fall, winter, and spring terms. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR BILA.

### GERMAN

101, 102, 103, **ELEMENTARY GERMAN.** The first term is devoted to grammar. With the second term the reading of simple German texts is begun and continued through the year. About 150 pages are read. With the grammar and reading is combined a great deal of composition, both oral and written. Texts: First Course in German—Schrag and Alexis, German Reader For Beginners—Pope, Immensee—Storm.

Credit, 4 hours each term.

Fall, winter, and spring terms. T., W., Th., F. at 7:50. Jewell Hall.

PROFESSOR BILA.

204, 205, 206. **INTERMEDIATE.** (Second Year German). Fall term is devoted to oral and written work. Review of grammar. Texts: Essentials of German—Vos; Nachlese—Diamond and Reinsch. In the winter term with the reading of about 250 pages of such authors as Storm, Sudermann, Rosegger is combined practice in oral and written composition. Spring term, text: German Science Reader—Hodge.

Alternates with 307, 308, 309; 307, 308, 309 were given in 1930-31.

Credit, 4 hours each term. German 103 prerequisite for 204, and 204 for 205 and 206.

Fall, winter, and spring terms. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR BILA.

307, 308, 309. **INTRODUCTION TO GERMAN CLASSICS.** (Third year course). In the interest of those who may wish to major in German, this course is conducted as a survey course of German literature, accompanied with illustrated readings mainly from the classical period.

Alternates with 204, 205, 206; 204, 205, 206 were given in 1929-30.

Credit, 4 hours. Courses 101, 102, 103, or equivalent prerequisites.

Fall, winter, and spring terms. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR BILA.

### SPANISH

Nine terms of Spanish form a major. Six terms a minor.

101, 102. **ELEMENTARY SPANISH.** Grammar, reading, composition, and conversation. Texts: First Spanish Course—Hamilton—Van Horne, and Lecturas Elementales—Luria.

Credit, 4 hours each term.

Fall and winter terms. M., T., W., Th. at 1:15, and T., W., Th., F. at 9:40 and 11:00. Jewell Hall.

PROFESSOR BYRNS AND MR. CHRISMAN.

103. **ELEMENTARY SPANISH.** Continuation of Spanish 101 and 102. Conversation and easy reading from well known authors.

Credit, 4 hours. Spanish 102 prerequisite.

Spring term. M., T., W., Th., at 1:15, and T., W., Th., F. at 9:40 and 11:00. Jewell Hall.

PROFESSOR BYRNS AND MR. CHRISMAN.

204, 205, 206. **SECOND YEAR SPANISH.** Review of grammar with abundant practice in composition in connection with the reading of Spanish texts. The last term is devoted especially to the reading and interpretation of modern Spanish literature with some composition. Texts: Spanish Composition—Crawford; works of Alarcon, Galdos, and other modern authors. Spanish Correspondence—Harrison.

Credit, 4 hours each term. Spanish 103 prerequisite.

Fall, winter, and spring terms. T., W., Th., F. at 7:50 and 11:00. Jewell Hall.

PROFESSOR BYRNS AND MR. CHRISMAN.

307, 308, 309. **ADVANCED SPANISH.** A short course in Advanced Spanish composition will be given in the fall term. In the winter and spring terms there will be reading from such authors as Galdos, Blasco-Ibanez, Martinez Sierra, Cervantes, Gorostiza, Pereda, etc. Conversation and outside reading.

Credit, 4 hours each term. Spanish 206 prerequisite.

Fall, winter, and spring terms. Hours to be arranged. Jewell Hall.

PROFESSOR BYRNS.

### MUSIC

101, 102, 103. **MUSIC APPRECIATION.** A lecture course designed to enable the student to appreciate all forms of good music. A brief survey of the history of the art is made, and a number of great masterpieces are analyzed and studied.

Credit, 2 hours each term.

Fall, winter, and spring terms. T., Th. at 1:15. Jewell Hall.

PROFESSOR GROSCH.

110, 111, 112. **WOMEN'S GLEE CLUB.** Local concerts are given by the club and one or more concert trips are taken during the year.

Credit, 1-2 hour each term. For regularly enrolled college students.

Fall, winter, and spring terms. W. at 4:00. Jewell Hall.

PROFESSOR GROSCH.

104, 105, 106. **MEN'S GLEE CLUB.** This club makes at least one concert trip annually.

Credit, 1-2 hour each term. Open to regularly enrolled students.

Fall, winter, and spring terms. T. at 4:00. Jewell Hall.

PROFESSOR GROSCH.

107. **BAND.** The band is taken on a number of trips with the college football team and is used at many of the other athletic events and college activities.

Credit, 1-2 hour each term.

Fall, winter, and spring terms. Th. at 4:00. Jewell Hall.

PROFESSOR GROSCH.

Private lessons in voice and piano may be had under competent instructors. Application for private lessons should be made to the director of the department. The proximity to Kansas City affords exceptional opportunity for hearing noted visiting artists, opera, and symphony orchestras.

## PHILOSOPHY

General Psychology and two terms of philosophy may be offered as a half minor in group III.

**301. INTRODUCTION TO PHILOSOPHY.** This course is designed to give the beginner a prospective of what philosophy is about and how it may help him. Text: Introduction to Philosophy—Cunningham.

Credit, 4 hours. Education 211, prerequisite.

Fall term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR FRUIT.

**302. HISTORY OF PHILOSOPHY.** Text: Students History of Philosophy—Rogers.

Credit, 4 hours. Education 211, prerequisite.

Winter term. M., T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR FRUIT.

**303. LOGIC.** This is an elementary course in the study of the aims and methods of thinking. Text: Creighton.

Credit, 4 hours. Education 211, prerequisite.

Spring term. M., T., W., Th. at 1:15. Jewell Hall.

PROFESSOR FRUIT.

## PHYSICAL EDUCATION

**101. PHYSICAL EDUCATION PRACTICAL.** Classes in the following forms of exercise will be organized: Basket ball, tennis, handball, medicine ball, soccer, track, and football.

Credit, 1-2 hour.

Fall term. M., T., W., Th., F. at 11:00, 2:10, 3:05 and 4:00. One hour period three times a week comprises the course. Gymnasium.

PROFESSOR BOWLES.

**102. PHYSICAL EDUCATION PRACTICAL.** Boxing, wrestling, handball, medicine ball, soccer, gymnastics, indoor baseball, track, and basket ball will be given.

Credit, 1-2 hour.

Winter term. M., T., W., Th., F. at 11:00, 2:10, 3:05, and 4:00. One hour period three times a week comprises the course. Gymnasium.

PROFESSOR BOWLES.

**103. PHYSICAL EDUCATION PRACTICAL.** Basket ball, tennis, handball, track, football, medicine ball, soccer, and baseball will be given.

Credit, 1-2 hour per term.

Spring term. M., T., W., Th., F. at 11:00, 2:10, 3:05, and 4:00. One hour period three times a week comprises the course. Gymnasium.

PROFESSOR BOWLES.

**110, 111, 112. PHYSICAL EDUCATION THEORETICAL.** For students who intend to teach and coach athletics.

Credit, 3 hours per term.

Fall, winter, and spring terms. M., W., F. at 1:15. Gymnasium.

PROFESSOR BOWLES.

**107, 108, 109. PRINCIPLES OF COACHING.** Bibliography, history, and development; equipment of teams, conduct of a season of football, basket ball, baseball games; track, and field athletics.

No one will be recommended for a position as athletic coach or director of athletics who has not completed these courses.

Credit, 2 hours per term. Actual participation in one of the major sports. Freshmen not admitted.

Fall, winter, and spring terms. T., Th. at 2:10. Gymnasium.

PROFESSOR BOWLES.

**NOTE:** All students in the freshman and sophomore classes are required to spend at least three hours per week in some form of athletic sport approved by the faculty. Credit toward graduation will be given at the rate of 1-2 hour per term. A maximum of six hours may be offered toward graduation in addition to the credit for courses 107, 108, 109, and 110, 111, 112. No student will be allowed to graduate who has not completed 3 hours in courses 101, 102, 103. Required of all freshmen and sophomores entering college September, 1929, and thereafter.

## HYGIENE AND SANITATION

101, 102, 103. **HYGIENE AND SANITATION.** In these courses will be discussed the fundamental laws of health and the health relations of the individual to the community.

Required for graduation. Must be taken in the freshman or sophomore year unless deferred by advice of the registrar. This requirement will be made of all students entering college after June, 1924.

Credit, 1 hour per term.

Fall, winter, and spring terms. M. at 11:00. Marston Hall.

PROFESSOR BOWLES.

## PHYSICS

Courses 101, 102, 103 and any six additional courses of physics form a major; courses 101, 102, 103, and any three additional courses form a minor.

The equivalent of physics 101, 102, 103 is required of all students entering medical or engineering schools, elective by all others.

Physics 204, 205, 206 comprise the second year of general physics and are required of all students entering technical schools. Students having had one year of physics and trigonometry may be admitted to second year physics.

101, 102, 103. **GENERAL PHYSICS.** The purpose of these courses is to give information in the field of mechanics, heat, sound, light, and electricity to the students desiring a general education. Text: Physics for Colleges—Millikan, Gale, Edwards.

Students offering physics for entrance may be admitted to physics 102 without physics 101.

Credit, 4 hours per term. For freshman.

Fall, winter, and spring terms. Lectures, T., Th. at 11:00. Two laboratory periods per week. Marston Hall.

PROFESSOR DAVIS.

204. **MECHANICS.** This course includes a study of forces, machines, liquids, and gases. Particular attention given to applications of physics in field of engineering and science. Text: College Physics—Ferry.

Credit, 5 hours. Physics 103 and Mathematics 115a, 115b, or 101, 102, 103, or equivalent prerequisites. For sophomores.

Fall term. Lectures M., W., F. at 9:40. Two laboratory periods per week. Marston Hall.

MR. VAN TRUMP.

**205. SOUND, HEAT, AND ELECTRICITY.** Transmission of sound and heat by wave motion. A more advanced study of electricity, electrical measurements, etc. Text: College Physics—Ferry.

Credit, 5 hours. Physics 104 prerequisite. For sophomores.

Winter term. Lectures, M., W., F. at 9:40. Two laboratory periods per week. Marston Hall.

MR. VAN TRUMP.

**206. RADIOACTIVITY AND LIGHT.** The latest theories and developments in radioactivity. A study of light based on the transmission of energy by wave motion. Text: College Physics—Ferry.

Credit, 5 hours. Physics 205 prerequisite. For sophomores.

Spring term. Lectures M., W., F. at 9:40. Two laboratory periods per week. Marston Hall.

MR. VAN TRUMP.

**309. HEAT AND LIGHT.** An advanced course in heat and light. This includes a study of thermometry, pyrometry, calorimetry, temperature regulation, vapor pressures and densities, thermodynamics, refractometry, photometry, polarimetry, and sacharimetry. Text: Heat and Light for Advanced Students—Edser.

Credit, 5 hours. Physics 205 prerequisite. For juniors and seniors.

Winter term. Lectures, conferences, and laboratory. M., T., W., Th., F. at 9:40. Marston Hall.

PROFESSOR DAVIS.

**307. ELECTRON THEORY.** Course includes the electron theory, discharge through gases, x-ray, radioactivity, principles of photography, heat and light. Atomic structure and other topics of importance in modern physics and chemistry. Recommended for all advanced students in chemistry and physics.

Credit, 5 hours. Physics 206 and chemistry 103a, or chemistry 206 and physics 103 prerequisite. For juniors and seniors.

Fall term. Lectures M., T., W., Th., F. at 9:40. Marston Hall.

PROFESSOR EDSON.

**212. SURVEYING.** In the classroom the theory of surveying will require about one hour per week. The rest of the time will be given to field work. This course requires a two-hour period. Text: Surveying—Breed and Hosmer.

Credit, 5 hours. Physics 103 and Mathematics 115a, 115b, or 101, 102, 103, prerequisite.

Spring term. M., T., W., Th., F. at 2:10. Marston Hall.  
PROFESSOR DAVIS.

310a. **ELECTRICITY AND MAGNETISM.** This course is a preparation for electrical engineering and is required of all engineers. The fundamental principles underlying the generation, distribution, and use of electricity are discussed. Text: Principles of Electrical Engineering—Timbie and Bush.

Credit, 5 hours. Physics 206 and Mathematics 226 prerequisite.  
Fall term. Lectures, conferences, and laboratory. M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DAVIS.

310. **DIRECT CURRENT ELECTRICITY.** Direct current machinery including dynamos, motors, coils, and batteries as well as the distribution and use of the current will be discussed. Text: Direct Current Machinery—Pender.

Credit, 5 hours. Physics 206 and Mathematics 226 prerequisites.  
Winter term. Lectures, conferences, and laboratory M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DAVIS.

311. **ALTERNATING CURRENT.** Theory and practice in the generation, transmission, and the use of alternating current.  
Text: Alternating Current—Timbie.

Credit, 5 hours. Physics 310 prerequisite.  
Spring term. Lectures, conferences, and laboratory. M., T., W., Th., F. at 8:45. Marston Hall.

PROFESSOR DAVIS.

In so far as possible all laboratory periods will be arranged from 2:10 to 4:00.

## POLITICAL SCIENCE

201. **EUROPEAN GOVERNMENTS.** The constitutional organizations and practical workings of the principal governments of Europe.

Credit, 4 hours. Not open to freshmen.  
Fall term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR SMITH.

202. **AMERICAN GOVERNMENT.** The Nation. A basic course dealing with the fundamental principles of political science and the organization, principles and functions of American govern-

ment. Chief emphasis will be placed on the study of the United States Constitution and the science of government from a national viewpoint.

Credit, 4 hours. Political Science 201 prerequisite.

Winter term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR SMITH.

**203. AMERICAN GOVERNMENT.** The States. An intensive study of the organization and development of state and local government will be made. The chief problems confronting state governments such as methods of election, initiative and referendum and other important state governmental questions will receive consideration.

Credit, 4 hours. Political Science 201 and 202 prerequisites.

Spring term. T., W., Th., F. at 8:45. Jewell Hall.

PROFESSOR SMITH.

## SOCIOLOGY

Students intending to major in Sociology should take Education 211 in their Freshman year. It is further advised that at least one year of science should be Biology. Any 36 term hours shall form a major. The cognate minor shall include three terms of Economics and three terms of either History or Political Science.

**201. INTRODUCTION TO SOCIOLOGY.** A general introduction to the study of society, with particular emphasis upon the forces and processes by which social change takes place. The course is designed as a general introduction to the subject of Sociology, and aims to aid students to observe accurately the phenomena of society and to record their observations, and to read and interpret the literature of the subject.

Credit, 4 hours. For sophomores.

Fall term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HOWD.

**202. SOCIAL PSYCHOLOGY.** The ways by which personality and social groups are built up and function, with special emphasis upon the influence of group life in these processes.

Credit, 4 hours. Prerequisites, Sociology 201 and Education 211.

Winter term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HOWD.

**203. SOCIAL PATHOLOGY.** A study of the maladjustments of society, such as poverty, dependency, and delinquency, their causes, preventives and proposed remedies.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Spring term. T., W., Th., F. at 9:40. Jewell Hall.

PROFESSOR HOWD.

**301. CHILD WELFARE.** A study of heredity and environment as factors in the personality development of the child; infant conservation; welfare responsibility of the school; child labor; diagnosis and treatment of delinquency; care of the dependent and neglected child; child caring agencies; and a community program of child welfare.

Alternates with Sociology 304. 304 given in 1932-1933.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Fall term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**302. CULTURAL ANTHROPOLOGY.** A study of social origins and of the earliest stages of human society; the stone and metal ages, the origins of industry, language, morals, science and social organization.

Alternates with Sociology 305. 305 given in 1932-33.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Winter term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**303. URBAN SOCIOLOGY.** A study of the organization and social problems of urban communities, especially of the organization of life within the city.

Alternates with Sociology 306. 306 given in 1932-33.

Credit, 4 hours. Prerequisite, Sociology 201, 202.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**304. THE FAMILY.** A genetic study of the family, with particular emphasis upon the effects of modern conditions and movements upon family life.

Alternates with Sociology 301. 301 given in 1931-32.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Fall term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**305. RACE RELATIONS.** A study of the facts of race differences, physical, psychological, and social, and some of the chief problems arising out of the mingling of peoples. The major emphasis is placed upon the conditions in the United States.

Alternates with Sociology 302. 302 given in 1931-32.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Winter term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**306. RURAL SOCIOLOGY.** A study of social conditions in rural communities, their origins, causes and means for improvement.

Alternates with Sociology 303. 303 given in 1931-32.

Credit, 4 hours. Prerequisites, Sociology 201, 202.

Spring term. T., W., Th., F. at 1:15. Jewell Hall.

PROFESSOR HOWD.

**307. RESEARCH SEMINAR.** The purpose of this course is to stimulate and guide majors in the department in the method and achievement of independent research. Subject to be determined by the interest of the student. Results of the research to be produced in thesis form. Limited to three students, selected by the department head, and approved by the curriculum committee.

Credit, 2 hours.

Fall term. Meetings on conference basis. Hours to be arranged.

PROFESSOR HOWD.

**308. RESEARCH SEMINAR.** Continuation of course 307.

Winter term.

Credit, 2 hours.

PROFESSOR HOWD.

**309. RESEARCH SEMINAR.** Continuation of course 308.

Spring term.

Credit, 2 hours.

PROFESSOR HOWD.

## STUDENT ACTIVITIES

**Y. W. C. A.** An organization of all the girls in the college for religious and social activities.

**Y. W. A.** A College Young Women's Auxiliary is an organization devoted especially to missionary study.

**The Student Volunteer Band.** A group of boys and girls who have given their lives to definite Christian service.

**The Ministerial Group** is an organization of ministerial students. They meet for the purpose of religious discussion and devotion.

**Publications.** The William Jewell Student is published weekly by the student body. The Tatler is published annually by the Junior Class.

**Musical Organizations.** A band and two glee clubs are organized each year.

**Theta Chi Delta** is an organization of men and women devoted to the study of chemistry and related scientific subjects, honorary society—formerly Khem Club.

**Beta Beta Beta.** A national organization of advanced biology students is represented by the Lambda Lambda.

**Beta Lambda.** A women's organization of advanced biology students.

**The International Relations Club** devotes itself to the study of international problems.

**The Jewell Playmakers Club** is interested in theatrical entertainment in general and in stage representation.

**Pi Kappa Delta.** A national forensic honorary fraternity has a chapter in William Jewell College. Thirty intercollegiate debates are held annually.

**Sigma Tau Delta.** National organization of students who are interested in creative writing.

**Gamma Pi Epsilon.** An organization composed of editors of student publications.

**J Club.** An organization composed of men who have won their "J" in at least one of the major sports, such as football, basket ball, track, or tennis.

**Sigma Pi Sigma.** This is a national honorary physics fraternity. The local chapter has been installed during the past year. The object of this fraternity is to promote interest in the advanced study of physics, to stimulate individual research work, to enable members to keep pace with the progress of this science, and to encourage a spirit of co-operation and friendship among those who have displayed marked ability in this study.

**Pi Gamma Mu** is a social science honor society. The local chapter was organized during the past year. The object of the society is to maintain and cultivate the interests of its members in the social sciences.

**THE ALUMNI ASSOCIATION**

Headquarters: Liberty, Missouri

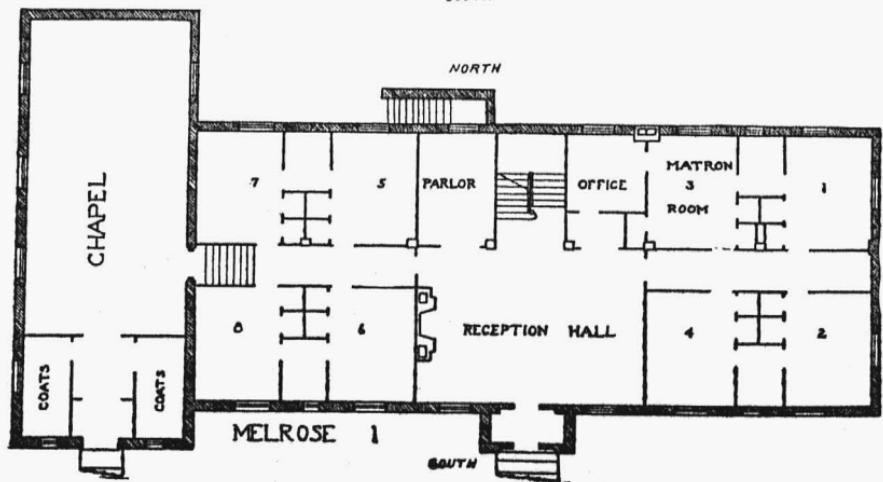

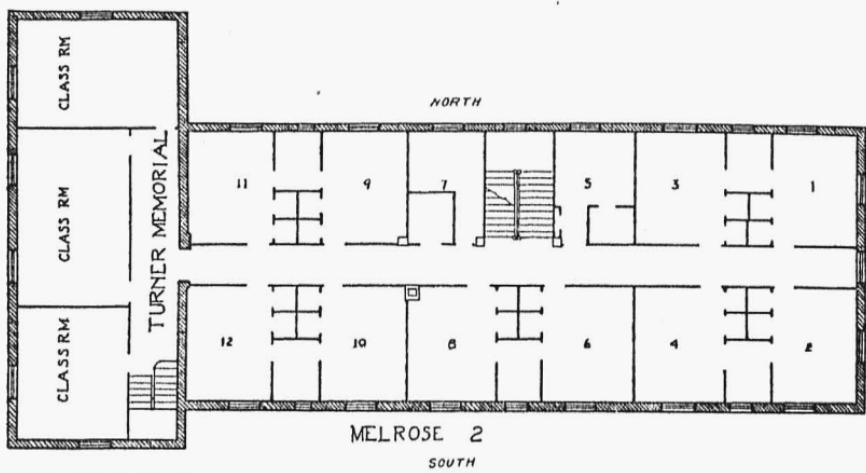

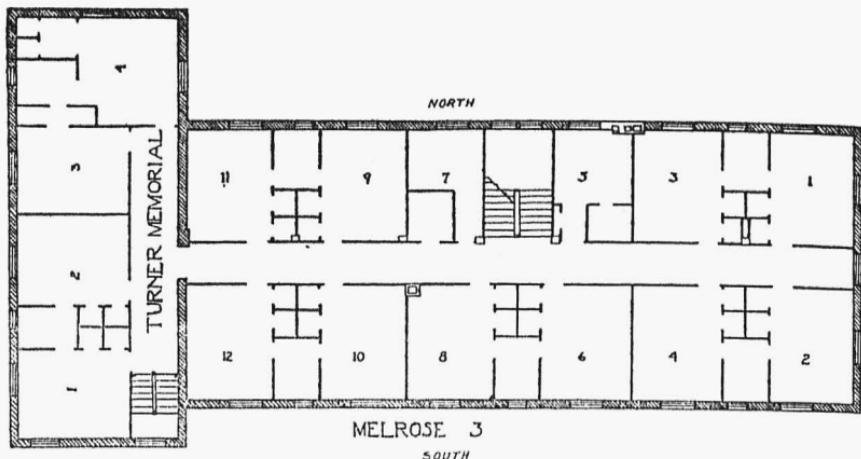

President: John L. Shouse, Kansas City, Missouri,

Secretary: E. E. Kirkland, Liberty, Missouri.

Local associations are sustained in St. Louis, Kansas City, St. Joseph, Chicago, Denver, and Los Angeles.

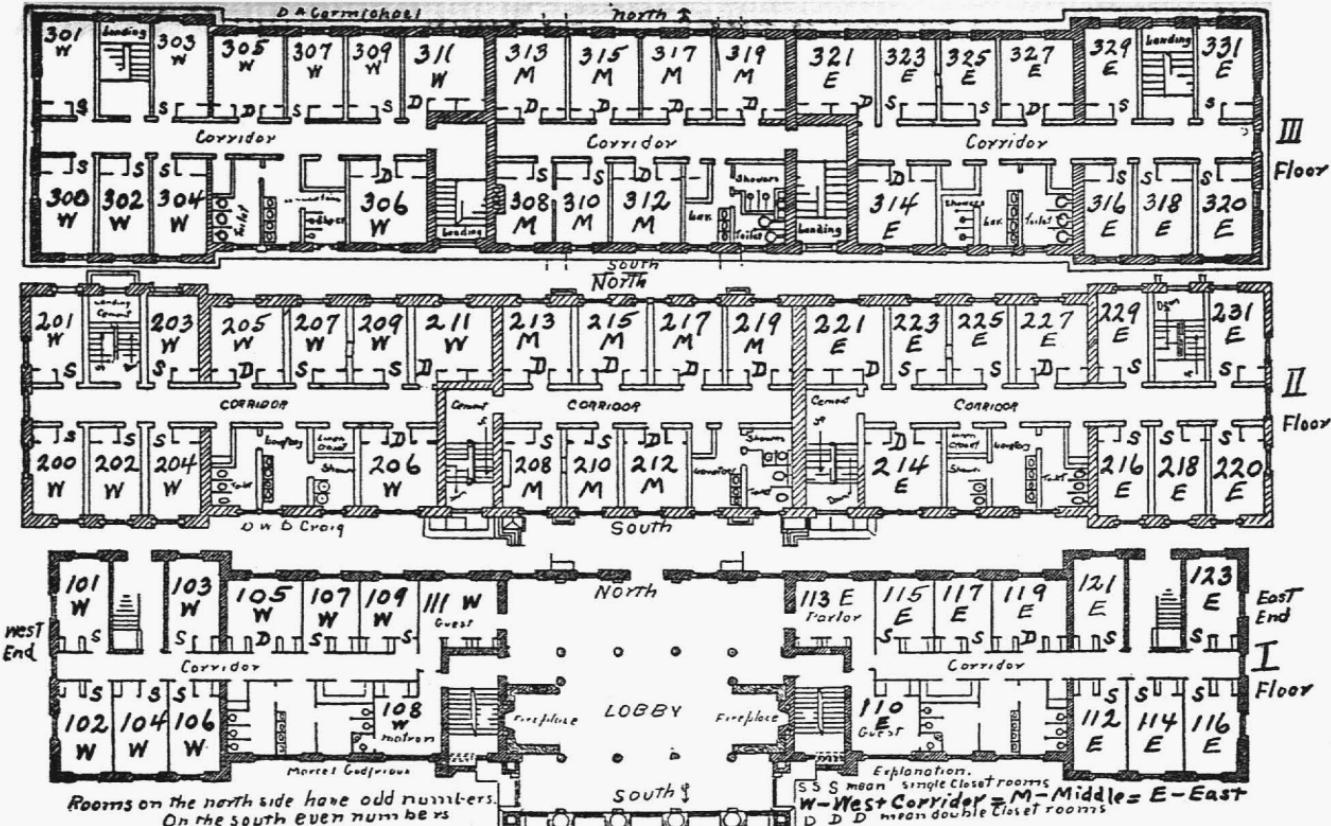

The future success of William Jewell College depends largely upon the efforts of the Alumni Association.

It is the desire of the Trustees and Faculty of William Jewell to secure a still closer co-operation of the alumni with the direct interests of the College. The alumni are urged to keep themselves informed as to the ideals, the policies and the needs of their Alma Mater, and to see that the institution is conducted on the highest plane of efficiency and economy, both as to administration and teaching.

Melrose Hall, Women's Dormitory

New Ely Hall, Men's Dormitory

## SUMMER SESSION

1932

## Announcements

*Summer Session Opens Monday, June 6  
and Closes Friday, August 12*

Address all communications to  
J. B. SULLIVAN  
DEAN OF THE SUMMER SESSION  
WILLIAM JEWELL COLLEGE  
LIBERTY, MISSOURI

## SUMMER SESSION 1932

## CALENDAR

Summer Session begins Monday, June 6.  
Registration, Monday, June 6.  
Class work begins, Tuesday, June 7.  
Registration permitted to June 14.  
First term closes Friday, July 15.  
Registration second term Saturday, July 16.  
Summer Session closes Friday, August 12.

## FACULTY

JOHN F. HERGET, A.M., LL.D., President.  
JOHN PRIEST GREENE, A.M., D.D., LL.D., President-Emeritus.

## ANCIENT LANGUAGES

ALLEN J. MOON, A.M., LL.D., (Howard College). Dean and Registrar.  
Head of Department and Professor of Latin. Graduate work,  
the University of Virginia and the University of Chicago.  
FREDERICK M. DERWACTER, PH.D., (Chicago).  
Professor of Greek.

## BIBLE

H. I. HESTER, TH.D., (Southern Baptist Theological Seminary).  
Head of Department and Professor of Bible and Religious Education.

## BIOLOGY

CLARENCE JEROME ELMORE, PH.D., (Nebraska).  
Head of Department and Professor of Biology.  
HELEN CHURCHILL, A.M., (Kansas University).  
Instructor in Biology.

## CHEMISTRY

GEORGE F. WEIDA, PH.D., (Johns Hopkins).  
Head of Department and Professor of Chemistry.  
FRANK G. EDSON, A.M., (University of Colorado).  
Assistant Professor of Chemistry.  
Graduate work, Colorado University.

## EDUCATION

J. B. SULLIVAN, A.M., (Columbia University).  
Head of Department and Professor of Education.  
Graduate work, George Washington University.

THURSTON ISLEY, M.ED., (Kansas University).  
Professor of Education.  
Graduate work, University of Kansas.

## ENGLISH AND PHILOSOPHY

JOHN PHELPS FRUIT, PH.D., (Leipzig).  
Head of Department and Professor of English Literature, and of Philosophy.

P. CASPAR HARVEY, A.M., (William Jewell).  
Professor of English Composition.  
One summer's study, the University of Chicago.

VIRGINIA D. RICE, A.B., (William Jewell).  
Instructor in English.  
Graduate work, University of Kansas.

W. PREWITT EWING, A.B., (William Jewell).  
Instructor in English and Coach of Debate.  
Graduate work, University of Kansas.

## HISTORY AND POLITICAL SCIENCE

W. HOLT SMITH, PH.D., (Chicago).  
Head of Department and Professor of History and Political Science.

ULMA R. PUGH, A.M., (Baylor).  
Assistant Professor of History.  
Graduate work, University of Iowa.

## MATHEMATICS AND ASTRONOMY

B. EDWARD DENTON, A.M., (George Peabody College).  
Head of Department and Professor of Mathematics.

JOSEPH VAN TRUMP, A.B., (William Jewell).  
Instructor in Mathematics.

## FRENCH AND GERMAN

CONSTANTINE BILA, Docteur de l' Universite de Paris.  
Head of Department and Professor of French and German.

\*CLARENCE G. CHRISMAN, A.B., (William Jewell).  
Instructor in French.  
One year's study in Universities of Madrid and Paris.

## SPANISH

ARTHUR GROVER BYRNS, A.M., (Kansas).  
Head of Department and Professor of Spanish.

\*CLARENCE G. CHRISMAN, A.B., (William Jewell).  
Instructor in Spanish.  
One year's study in Universities of Madrid and Paris.

J. FRANK DAVIS, A. B., (William Jewell).  
Instructor in Spanish.

\* On leave of absence.

## MUSIC

DAVID GROSCH.

Head of Department and Professor of Music.

Taught in Chicago Musical College, Bush Conservatory, and was  
Dean of Conservatory of Music, Baker University. Studied voice  
with Adolph Schulze of Berlin, piano with John Petrie Dunn of  
Edinburg, oratorio with Dr. Charles Allum of London, opera with  
Hermann Devries of Chicago, and composition with Samuel De-  
Lange of Stuttgart, Germany.

## PHYSICAL EDUCATION

ROBERT EARL BOWLES, A. B., (William Jewell).

Head of Department and Athletic Director. Two summers' work  
at the University of Wisconsin and one summer at Lake Geneva,  
Wisconsin, in Physical Education.

WILLIAM N. COLLINS, B. S., (Missouri).

Athletic Coach. One summer's work in Illinois Coaching School

## PHYSICS

JOHN E. DAVIS, A. B., (William Jewell).

Head of Department and Professor of Physics. Graduate work,  
University of Chicago.

JOSEPH VAN TRUMP, A. B., (William Jewell).  
Instructor in Physics.

## SOCIAL SCIENCE

C. R. HOWD, Ph. D., (California).  
Head of Department and Professor of Social Sciences.

ULMA R. PUGH, A. B., (Baylor).  
Assistant Professor of Economics.  
Graduate work, University of Iowa.

## WILLIAM JEWELL COLLEGE

### ADMISSION AND CREDITS

The requirements for entrance are either graduation from an accredited high school or fifteen high school units properly distributed.

The work offered in summer school may be credited on the A.B. degree and on teachers' certificates granted by the state superintendent of public instruction, except as specified in connection with courses.

TEN SEMESTER HOURS MAY BE MADE IN THE ENTIRE SESSION.

SIX SEMESTER HOURS MAY BE MADE IN THE FIRST SIX WEEKS.

### TEACHERS' CERTIFICATES

William Jewell students wishing teachers' certificates may procure them through the registrar's office of William Jewell College. These certificates are issued by the Superintendent of Public Instruction at Jefferson City upon receipt of the student's college record.

### PURPOSE

The Summer Session of William Jewell College is designed to meet the needs of the following persons: (a) college students desirous of securing additional credits that they may hasten graduation; (b) teachers wishing to secure credits leading to both elementary and secondary certificates offered by the State Department of Education; (c) graduates of high schools wishing to pursue college work.

### BUILDINGS AND EQUIPMENT

The entire plant of the college, in so far as it is needed, will be at the disposal of the summer school. (See page 13)

### BOOKSTORE

The College maintains a co-operative bookstore where books and other supplies may be purchased.

## DORMITORIES

William Jewell has two well equipped dormitories which will accommodate 250 students. The beautiful Melrose Hall, for girls, will be at the disposal of summer school students. Girls desiring rooms in Melrose Hall should send \$5.00 to Professor J. E. Davis, Business Manager, as part payment on the rent to reserve a room. Prices of room and board in the dormitory are given below.

Private families: There are also many comfortable homes in Liberty where rooms may be had from \$7.50 to \$15.00 per month. Board in private families is procurable at \$5.50 to \$6.50 per week.

Note: Rooms in dormitory are furnished with all necessary equipment except linens and bed clothes.

## APPROXIMATE EXPENSES

	Ten Weeks	Six Weeks	Four Weeks
Tuition .....	\$40.00	\$25.00	\$16.00

(Including library and gymnasium fees.)			
Biology Lab. Fee.....	7.50	5.00	
Biology 229s Lab. Fee.....	2.50	1.50	
(Entire Triple Course)			
Physics Lab. Fee .....	7.50	5.00	
Room and Board in Dormitory .....	65.00		

## COURSES OF INSTRUCTION

Credits are given in semester hours. If a student remains only six weeks in a course his credits will be three-fifths of that of the ten weeks. Avoid conflicts in choosing courses.

Courses in the following Departments will be offered: Education and Psychology (Elementary and Secondary), English, Greek, History, Mathematics, Modern Languages, Physical Education, Physics, Political Science, Sociology, and Commercial Courses. (Credit for Commercial Courses will not be given toward the degree in William Jewell College.)

DEGREES CONFERRED JUNE 2, 1931

## BACHELOR OF ARTS

Albright, Charles Benton	112 S. Leonard, Liberty
Allen, H. Hildred	517 Mill, Liberty
*Bailey, J. Sam	225 S. Park, Casper, Wyoming
Bailey, Mary Francinah	225 S. Park, Casper, Wyoming
Beck, Harold Boyd	Smithsville
Been, Walter P.	5127 Robin, St. Louis
*Blythe, Sampson J.	Cherokee, North Carolina
Boswell, Howard Nelson	Mill St., Liberty
Chapman, William Clifton	505 East Third, Norborne
Church, Mary Lamkin	Canton, Ohio
*Coons, Elmer Thomas	Malden
Cope, Joseph Shelton	4933 Forest Park, St. Louis
Cross, John Lowry	Clifton Hill
Davis, Kenneth Searle	2232 N. W. Park Pl., Okla. City, Okla.
*Diaman, W. Alfred III	1230 East 75th, Chicago, Ill.
Donovan, Margaret Ruth	Liberty
*Driver, William Aaron	Viola, Kansas
Duncan, Helen Katherine	Liberty
Dunphy, Thomas James	421 Fall, Carthage
Ficklin, June Wright	517 Regent, Excelsior Springs
Halferty, Mildred Irene	Gower
Hill, J. M., jr.	320 East Carpenter, Moberly
Hoffmann, Charles Payne	105 Moss, Liberty
Hopper, Helen Louise	Clarence
*Huff, Homer Samuel	Liberty
Kay, Strother	124 Terrace, Liberty
Kruger, Kermit William	525 Cleveland, Monett
*Leininger, Louis Lee	2810 Harrison, Kansas City
Ligon, J. Leonard	Liberty
McWilliams, M. Clovis	2321 Lovers Lane, St. Joseph
Marriott, Walter Elmer	1010 W. Roland, Moberly
Martin, Kenneth E.	Allendale
Mayfield, Frank Morgan	807 South St., Lexington
Merrifield, Vivian Narcissus	419 E. Mississippi, Liberty

\*Ministerial students.

Where state is not mentioned, Missouri is to be understood.

■ *Monroe, George Calvin, jr.	Harrisonville
■ *Moore, H. Guy	Du Quoin, Illinois
■ Moore, Irene	119 N. Leonard, Liberty
■ Parker, Jane	Smithville
■ *Patterson, John William F.	126 S. Lincoln, Liberty
■ Pennington, Clarence C.	Bosworth
■ Petty, Fred Sinclair	231 Doniphon, Liberty
■ *Rae, William Douglas	2541 Amboy Rd., New Dorp, S. I. New York, N. Y.
■ *Roland, S. Ralph	1110 Ewing, Kansas City
■ Rude, Robert Maurice	2412 Broadway, Great Bend, Kansas
■ Sharp, Virginia Dee	210 South Third, Lamar, Colorado
■ Sims, John Byron	Georgiaville, Rhode Island
■ Spurlock, George Christian	457 Choctaw, Liberty
■ Thomas, Frances Lee	Braymer
■ Thomason, Paul Fischer	Liberty
■ Utz, Irbie Belle	Valley Falls, Kansas
■ Van Trump, Joseph H.	152 S. Leonard, Liberty
■ Watkins, Kermit	Route 5, Fort Collins, Colorado
■ Webdell, Richard Everett	Higginsville
■ Weber, Frank T. E.	624 E. McCarty, Jefferson City
■ Williams, Twila Wood	Lucerne
■ Winchell, Lulu Mae	1117 Branch, St. Louis

Honorary Degrees: Doctor of Divinity, Haggard, Frank B., Hartford, Connecticut; Harkins, Thomas A., Fort Crook, Nebraska; and Ripley, W. F., Denver, Colorado; Doctor of Laws, Hawkins, John J., Los Angeles, California; and Morrow, Walter E., Warrensburg, Missouri.

■ Cuthbertson, George Raymond	.... Liberty
■ Davis, C. Braxton II	.... Nevada
■ De Moure, Dorothy	.... 3325 Le Moyne, Chicago, Illinois
■ Dow, Elizabeth Nason	.... Liberty
■ Everett, Da Maris	.... Liberty

## WILLIAM JEWELL COLLEGE

«Gantt, Harry	461 N. 22, East St. Louis, Illinois
«Glenn, Elizabeth Ray	346 N. Van Brunt, Kansas City
«Hall, William Eugene	Hannibal
«Hart, Gladys Lee	Grubville
«Jordan, Lendell Thomas	Liberty
«Kinell, Martha	Monett
«McComas, Vincil G.	Liberty
«Painter, Marvin R.	Monroe City
«*Pinto, Jose de Miranda	52 Borda de Mastro, Rio de Janeiro, Brazil
«Sensintaffar, Frank L.	212 W. Park, Brookfield
«Spradley, Everette W.	427 Blackstone, Slater
«Wilson, Marian	Whiteside
«*Wood, George Horace	44 Bancroft, New Dorp, S. I. New York, N. Y.

The following students were enrolled in William Jewell College after the printing of the catalog during the year 1930-31.

## SENIORS

Boswell, Howard Nelson	Liberty
------------------------	---------

## JUNIORS

Henry, Lucille Emily	Amity
Hulse, Frances Kathryn	Smithville
Smith, Marion Rufus	2509 Hardesty, Kansas City
Vaughn, Agnes Lavinia	Blue Springs

## SOPHOMORES

Carmean, Bertha Mae	Blackburn
Ditzen, Lowell Russell	2705 N. 37th St., Kansas City, Kansas
Hadley, Kenneth Carlisle	103 Ward Parkway, Kansas City
Maddox, Frances Lou	Blackburn
*Norris, Charles Leonard	Ft. Collins, Colo.

## FRESHMEN

Chiles, Lutie Thornton	Independence
*Claypool, Samuel Harry	Stockton, Calif.
Claypool, Viola Veigh	Stockton, Calif.
Corder, Nathan G.	Amsterdam
Griffee, Higdon Jewell	Liberty
Jones, Glenn Wiley	Liberty
Stauffer, Beverly Jack	Neosho

Wainscott, Richard James.....210 W. 36th St., Kansas City  
Wendt, Mae Edna.....Spickard

## SPECIAL

Burke, Charles Richard .....Liberty  
Burton, Eleanor Paxton .....6108 Sheridan Road, Chicago, Ill.  
Churchill, Helen Mar.....Lawrence, Kansas  
Gates, Catherine Hunt.....Blue Springs

# Students Enrolled in William Jewell College

## 1931-1932

### SENIORS

Albright, Ray Donald.....	121 Leonard, Liberty
*Anderson, Russel Arthur.....	Route 1, Webb City
*Baker, Vernie Mae.....	Pattonville
Bauer, Frank M.....	1622 Main, Lexington

## GIFTS AND BEQUESTS

Gifts and bequests of money, securities or real estate are gratefully received by William Jewell College. Many additions have thus been made to the resources of the institution.

To serve the college in this way it is not necessary to make a large bequest. There are doubtless many who without injury to family or other interests could bequeath \$500, \$1,000, \$5,000; and some who might bequeath a much larger sum.

A will, in order to be valid in most states, must be signed by the testator in the presence of at least two disinterested witnesses who should attest the instrument as such witnesses. Three witnesses are preferable and in all states sufficient. It is advisable to ascertain the requirements of the law in the state in which the testator resides, and to be careful that such requirements are complied with.

### FORM OF GENERAL BEQUEST

*I hereby give and bequeath to "The Board of Trustees of William Jewell College," situated at Liberty, Clay County, Missouri, and to their successors forever, for the use of said institution in fulfillment of its general corporate purpose .....*

.....  
(State here the sum of money desired to be given or describe the property or securities constituting the bequest.)

### FORM OF BEQUEST FOR A PARTICULAR PURPOSE, DESIGNATED BY THE TESTATOR

*I hereby give and bequeath to "The Board of Trustees of William Jewell College," situated at Liberty, Clay County, Missouri, and to their successors, forever, in trust the sum of*

.....  
(State here the sum of money desired to be given or describe the property or securities constituting the bequest.)

*to be used as follows: .....*

.....  
(Indicate here whether the gift is to be used for endowment, buildings, or current expenses.)

## ANNUITIES

William Jewell College accepts sums of money from \$500 upward on the annuity basis, paying interest thereon during the life of the donor. The plan has distinct advantages. The donor has the satisfaction of having aided a worthy cause. At the same time he receives an income from the gift during his life. This income is usually larger than could be obtained through other secure investments. The safety of the principal is absolutely assured. The donor is assured also of the fulfillment of his own precise wish in the matter of the disposition of the gift. Finally when the recipient or recipients of the annuity payments have passed on, the principal continues its work, permanently providing income for the needs of the institution. The giver "though being dead, yet speaketh."

Correspondence regarding annuity gifts is solicited, and will receive the prompt attention of the president.

## OTHER FORMS

### TESTAMENTARY TRUST

Bank or Trust Company, as Trustee\*

*In pursuance of the resolution and declaration of trust known as The Uniform Trust for Public Uses adopted by the .....*

.....  
(Here insert the name of the bank or trust company to act as trustee) on the ..... day of ..... 19...., (The correct date must be inserted) and upon the terms and conditions therein expressed I give (devise) and bequeath to said corporation and its successors forever the sum of ..... dollars (or otherwise describe the gift) to be held and administered as a charitable trust (If desired add: in memory of ..... by whose name the fund shall be known) to collect and pay over or apply the income arising therefrom to "The Board of Trustees" of William Jewell College situated at Liberty, Clay County, Missouri, for the general corporate purpose of that institution (or name a particular corporate purpose)¶.

### LIVING TRUST

Bank or Trust Company, as Trustee\*

*THIS INDENTURE made this ..... day of ..... 19...., by and between .....*

of..... hereinafter referred to as the donor and.....  
.....(Here insert the name  
of the bank or trust company to act as trustee) hereinafter referred to as  
the trustee,

## WITNESSETH:

That said donor desiring to dedicate certain funds to public usefulness  
has this day given and in consideration of the covenants and agreements herein  
contained hereby gives, grants, conveys, and delivers to said trustee and its  
successors forever, and the said trustee for itself and its successors accepts the  
following securities, money, and property with proper supplemental transfers  
where necessary to pass title, viz: .....

.....(Here enumerate or refer to schedule  
attached) and agrees to accept approved additions thereto and to hold and  
administer such gift or gifts as a charitable trust under the resolution and  
declaration of trust known as The Uniform Trust for Public Uses adopted by  
said trustee on the..... day of..... 19....,  
to collect and pay over or apply the income arising therefrom to "The Board  
of Trustees" of William Jewell College, situated at Liberty, Clay County,  
Missouri, for the general corporate purposes of that institution (or name a  
particular corporate purpose)\$.

(Here may follow a reservation of income for life, a power to  
revoke, or other clause having approval of counsel.)

In Witness Whereof, the donor aforesaid has subscribed and delivered  
these presents and the said trustee has by its proper officer executed the same  
and received the same money, securities, and property the day and year first  
above mentioned.

.....Donor.  
IN PRESENCE OF

.....Trustee.  
(Bank or Trust Company)

By .....

\*NOTE: While any form of charitable trust that conforms to legal  
requirements will suffice, the use of these forms is recommended  
whenever practicable.

†NOTE: If the trust is not to be perpetual, continue after the  
words "for its general corporate purposes" with the following words  
or some modification thereof having approval of counsel as for  
example:

"until in the opinion of its governing board, after ..... years from the date of my death (or other date) its best interests shall require an expenditure of some part of the capital of the trust and then to apply or expend such portion (not to exceed..... per cent) thereof in such sums and for such corporate purposes as said governing board shall from time to time direct."

---

Additional information will be furnished upon request, including the names of banks and trust companies wherever located acting as trustees under the above mentioned instrument. If desired other forms will be furnished including those naming the college as trustee for itself.

Inquiries regarding contributions, gifts, or bequests in any form or amount will be welcomed by the college authorities. Correspondence should be addressed to President John F. Herget.

And never brought to min'?  
Should auld acquaintance be forgot,  
And days of auld lang syne?

## Chorus:

For auld lang syne, my dears,  
For auld lang syne,  
We'll take a cup o' kindness yet  
For auld lang syne.

Our college days will e'er remain  
In mem'ry friends of mine;  
And here's a heart o' love for you  
For auld lang syne.—Chorus.

An' here's a hand, my trusty friends,  
While light o' mem'ry shines,  
We'll take a right good hearty grasp  
For auld lang syne.—Chorus.

Auld Time may part us now, dear friends,  
But we'll ever keep in mind  
The hearty cheer of college days,  
And auld lang syne.—Chorus.
