Announcements For The Summer Session
1927

SUMMER CATALOG EDITION

Summer Session Opens Wednesday, June 1, 1927

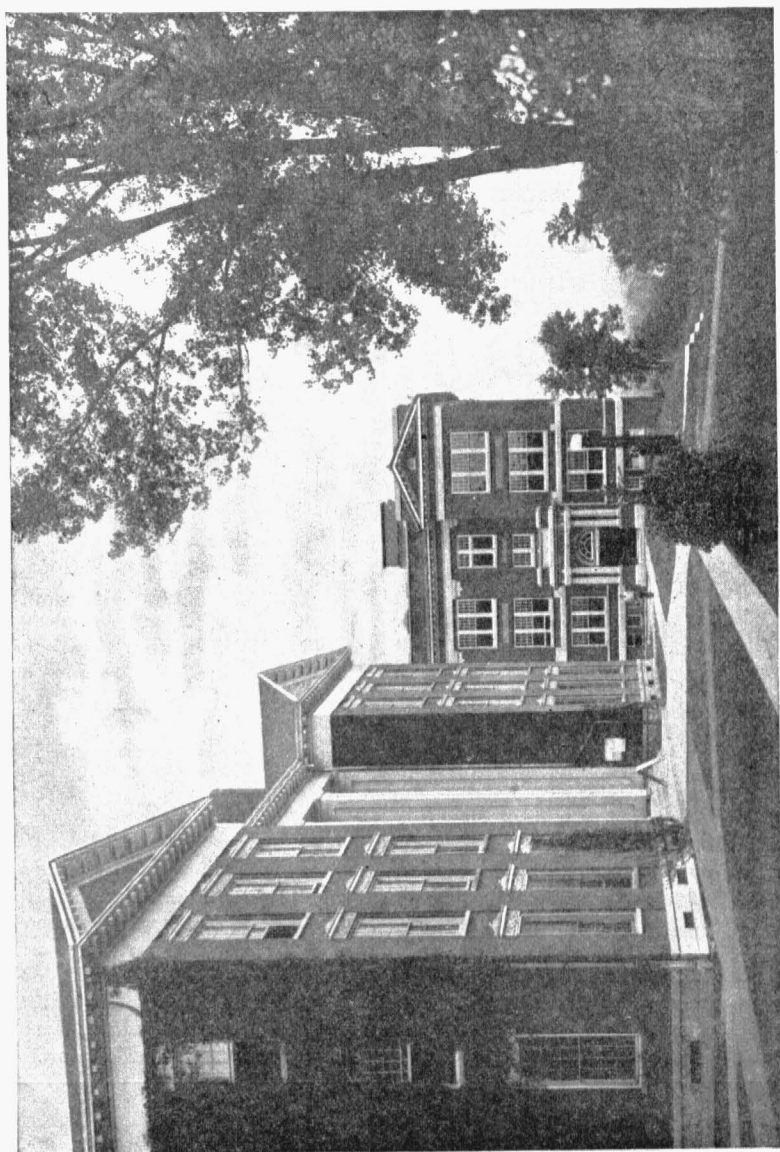

The summer school will be conducted over a period of ten weeks, making it possible for a student to make a maximum of ten semester hours. This ten weeks term will be divided into two subterms of *six* and *four* weeks respectively, so that students wishing to attend summer school only six weeks may receive credit for that time.

Summer school opens Wednesday, June 1 and closes Tuesday, August 9, 1927.

The six weeks term will close Tuesday, July 12. In writing for information address *The William Jewell College Summer School*, Liberty, Missouri.

CALENDAR

The 1927 summer session of William Jewell College opens Wednesday, June 1 and closes Tuesday, August 9th, period of ten weeks. The six weeks term will close Tuesday, July 12.

Students will be classified Wednesday, June 1 or previous to this date.
Students will not be admitted to classes later than Thursday, June, 15.

ADMISSION AND CREDITS

The requirements for entrance are either graduation from high school or fifteen high school units.

The work offered in summer school may be credited on the A. B. degree and on teachers' certificates granted by the state superintendent of public instruction.

Ten semester hours may be made in the entire session. Six semester hours may be made in the first six weeks.

TEACHERS' CERTIFICATES

William Jewell students wishing teachers' certificates may procure them through the Department of Education. These certificates are issued by the superintendent of public instruction at Jefferson City upon receipt of the student's college record.

PURPOSE

The summer session of William Jewell College is designed to meet the needs of the following persons: (a) college students desirous of securing additional credits that they may hasten graduation; (b) teachers wishing to secure credits leading to the certificates offered by the State Department of Education; (c) graduates of high schools wishing to prepare to teach; (d) other persons wishing to pursue college work.

LOCATION

William Jewell College is located at Liberty, Missouri, a beautiful town about twelve miles from Kansas City. Hourly service by the electric railroad, and the bus lines over the new hard surface road brings Liberty within 30 minutes of Kansas City. It is also about 20 minutes from Excelsior Springs, one of the great health resorts of the Middle West.

The College stands on a high hill overlooking the city of Liberty.

The College buildings are suitably placed in the 100-acre bluegrass campus. The elevation and large number of forest trees make Liberty one of the most comfortable spots in summer time in all Missouri. Urban Lake and Winnwood Lake furnish objective points for pleasant excursions.

EQUIPMENT

The entire plant of the College, in so far as it is needed, will be at the disposal of the summer school.

There are standard laboratory facilities in chemistry, physics, and biology.

The Library occupies a handsome library building, the gift of Mr. Andrew Carnegie and other friends of the College. It contains about 35,000 volumes. The reference room is equipped with many of the latest and best works of reference. The reading room receives regularly the leading American and foreign periodicals. Especially noteworthy is the Spurgeon collection of 7,000 volumes, the private library of the famous Rev. Charles Haddon Spurgeon of London.

MARSTON SCIENCE HALL

The science hall is a fire-proof, modern structure, valued at a quarter of a million dollars. It is situated on the extreme south point of the "Hill" overlooking the valley below. The building contains laboratories for chemistry, physics and biology. The equipment in each of these is modern in every particular. These laboratories are cool in summer.

BOOK STORE

The College maintains a co-operative book store where books and other supplies can be purchased.

ADVANTAGES OF ATTENDING WILLIAM JEWELL SUMMER SCHOOL

A few of the advantages that the William Jewell summer session offers students may be mentioned. The teachers are specialists in their departments, being graduates of the leading universities of Europe and America and also having had years of experience in educational work. Since William Jewell is on the approved list of the Association of American Universities, its work is approved and accepted in all universities and professional schools in America and Europe. The classes will be small, giving students opportunity for personal touch with professors.

The minimum expense for board and room and tuition should appeal to many. The expense for board, room rent (including water and light) and tuition should not be more than one hundred dollars for ten weeks. The summer session is not run for profit. Liberty does not offer many inducements for spending money and as emphasis is placed on out-door life, sports, hikes, parties, etc. little money is needed for pleasures.

Still another advantage is the organized social program, having for its aim the social development of the student. Boating, swimming, tennis, and other sports may be engaged in. The large, shady campus is inviting to those who wish to spend a pleasant and profitable vacation.

We also mention the fine Christian atmosphere at William Jewell. The Y. M. C. A. and W. J. C. A. are active and efficient. Besides these organizations on the Hill, in the city of Liberty are to be found the principal denominations, with well equipped buildings and ministered to by the leading preachers of the respective denominations. All have well organized and up-to-date Sunday Schools.

DORMITORIES

William Jewell has three well equipped dormitories which will accommodate 250 students. The beautiful Melrose Hall, for girls, will be at the disposal of summer school students at reasonable cost. A dormitory for boys will also be open. The College will provide room and board for all students wishing these accommodations at a very reasonable price.

Those desiring rooms in these dormitories should send \$5.00 to our book-keeper, Mrs. L. S. Cook, as part payment on the rent, to reserve a room. The prices of room and board will be found on the next page of this bulletin.
